Harbor Heights GM Message

Aloha Residents,

We're thrilled to invite you to celebrate Harbor Heights' 5th Birthday at our Luau Wine Night on Wednesday, August 27th, from 5-8 pm! Put on your Hawaiian shirts, skirts, and dancing shoes, because DJ Music D-Lite will be spinning tunes once again to make it a night to remember. Expect laughter, music, delicious wine and snacks, and lots of Aloha spirit!

As someone lucky enough to call Harbor Heights my office home for the past 3 out of 5 incredible years, I continue to be deeply grateful for this warm, diverse, and vibrant community. You all bring something special to our shared spaces, and it shows- from joyful gatherings to beautiful flower arrangements (both inside and out), and delicious herbs. Huge thanks to those who've lent green thumbs or bingo-calling voices!

I'm looking forward to many more moments together as we continue to shape Harbor Heights into an even more welcoming place to live.

A big shout-out to everyone who voted for us in the "Best of South Sound", we placed in both categories, Best Retirement Community and Best Apartments! But let's be real . . . we already knew this place was something exceptional!

Here's to five fantastic years and to many more ahead!

Cheers

PET OF THE MONTH

Hi! I'm Hugo! I love to meet people, so I like living at Harbor Heights because there are so many humans to meet! Special tail wags to all my Harbor Heights friends, I look forward to seeing you soon! Maybe today! And to all I haven't met yet, I can't wait to meet you!

A little about me, people sometimes say I'm a puppy, but I'm not – I'm grown at 3.5 human years, and a whole 11.5 pounds. My picture is me as a 4-month old puppy and about 5 pounds. That's ancient history for me – I'm sure you see I'm more mature now.

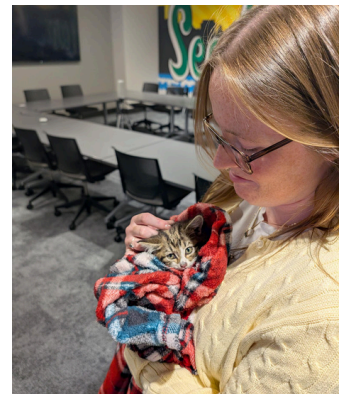

Despite that, my human signed me up for training classes (again) – with homework! The upside is I get more treats than usual! But my dear human is confused; she thinks I don't know the usual 'dog tricks' and she thinks I need to learn them. She doesn't understand my 'breed' (Shih Tzu and Maltese) has its own variations. Now that you see the Shih Tzu's dog tricks I'm sure you'll agree I need no lessons, because I've mastered these already. Still, I'll take the treats! Maybe I'll give that training more of a try. My human said if I do maybe I can meet more people as part of the Providence Hospital PAWS program – wish me luck!

HONORARY PET OF THE MONTH

Meet Lola, the little kitty with a big adventure!

Lola's journey began when she was first spotted in the garage by a resident. From there, she managed to sneak into a commercial partner's vehicle, and later found herself in a resident's car. After a lively day of unexpected travels and exploring the Harbor Heights garage, this curious kitten's tale took a heartwarming turn. Thanks to the rescue efforts of a compassionate team member from Forma, Lola found her furever home with someone who instantly fell in love with her.
