Harbor Heights

Harbor Heights GM Message

Greetings Residents,

As we move through the fall season, I invite you to join me in reflecting on something that truly makes our community special: gratitude.

As a team, we remain deeply grateful for each resident who chooses to call HH home. Every smile shared in the hallway, every conversation over coffee, every helping hand offered to a neighbor, and every new friendship formed contributes to the spirit that makes this community so unique.

Gratitude also reminds us to pause and appreciate life's simple pleasures, including the opportunity to gather together at our community events! Thank you to all who joined us for our Hallo-wine event! This might have been our BEST one yet! We look forward to continuing the season at our Thanksgiving Feast on Wed., Nov. 11th, at 5 pm. Please see the Concierge for additional details and sign-up info.

As the year draws to a close, our commitment remains focused on fostering a warm, vibrant, and caring community where our residents are proud to call home. We are thankful for the trust you place in us and for the opportunity to serve you each day.

Wishing you all a wonderful Thanksgiving Season filled with gratitude and joy!

Cheers

TEAM MEMBER PET OF THE MONTH

Hello, my name is Mr. Johnny Cash or just Cash for short. I'll be hitting the big 0-7 this December, and as a 120-pound Black Lab and German Shepherd mix, I am a certified big boy. In fact, I'm pretty sure my official job title is the Sheriff of Shoreview. I'm the self-appointed police dog of my street, and I take my duties very seriously, constantly monitoring all movement outside to keep the neighborhood safe. When I'm not patrolling, my other favorite pastime is professional stalking. My mom is my entire universe, which means I follow her absolutely everywhere and completely lose my mind if I suspect she's plotting to escape the house without me. When I'm not monitoring her every move or guarding the street, I'm focused on my arch-enemies: the grey squirrels in the cedar trees next door. I successfully captured one last fall, and I am currently playing the long game, just waiting for the rest of them to slip up.

I'm also a total food hound who would gladly eat a cardboard box if it had a drop of gravy on it, but my parents are total buzzkills who monitor everything I eat. Boooo! They claim I have "allergies" to chicken, turkey, duck, and salmon, which means I have to get monthly allergy shots at the vet. My mom constantly jokes that they named me Cash because I cost them so much of it, which I think is a bit rstar like me. Well, that's me in a nutshell!

Protecting Your Furry Family Members

For the safety of both you and your pets, we kindly ask that dogs use a secure harness when riding in the elevators, to prevent choking hazards, as there have been a few incidents involving leashes and collars becoming caught in elevator doors. Using a harness helps prevent accidents and keeps your pet safely by your side during entry and exit.

We appreciate your cooperation in helping us maintain a safe and pet-friendly environment for everyone.

Please leave pets on leashes at all times, even in residential hallways, as you never know when someone might be stepping out of their unit.

A map is available at Concierge acknowledging where garbage cans are located in the neighborhood. Please reach out if you'd like a copy of this to help with planning your dog's walk!

Pet Etiquette Reminder

We love your furry companions! To keep shared furniture clean and welcoming for all:

- Pets should not sit or walk directly on furniture surfaces.
- Pets are not permitted to sit on indoor or outdoor furniture
- Lap-sized pets may be on furniture only with a personal clean blanket from your apartment.

Please be respectful to your neighbors.

Quick elevator etiquette.
Let people exit before entering, staying clear of the doorway. **Don't hold the doors open to have a conversation. Please step out if you need to talk.**

Please break down **all cardboard** and set it next to the blue recycling bin. This keeps the bin open for smaller recycling items and helps the area stay neat.
