**Our Teams**

**CONNECT** – DCSP Ambassadors are the “eyes and ears” of our downtown community. They are clearly recognized in the Downtown area and are responsible for engaging with people living, working, playing, and learning downtown. They provide information and support as needed and often make referrals to our MAC24/7 and COAR teams as required.

**MAC24/7** – The Mobile Assist and Connect Team provides outreach and social needs assessments and immediate first aid to assist those in non-emergency situations 24 hours a day, seven days a week. Trained in advanced first aid to assist with non-emergency medical situations and are equipped with Naloxone kits and an automated external defibrillator (AED).

**COAR** – The Community Outreach Advocacy Resource (COAR) Team provides outreach as well as follow-up intervention and advocacy for vulnerable individuals in the downtown community. The goal of the COAR team is to help individuals access social services and other community resources; essentially a one-stop information resource for available programming.
