

207 EAST

The Right Amount of Edge

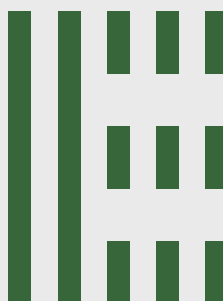

207 East is a mix of Edgewood roots and city vibes that we like to think of as “rurban.” From your home base, you’ll find easy access to I-5, putting downtown Tacoma and Seattle within reach, while nearby lakes, trails and parks provide plenty of fresh air.

An urban community
that removes the
clutter of city living.

A Life Well-Lived

207 East is what you've been looking for all along. An urban apartment community in Edgewood that removes the clutter of city living. A place where city and *simplicity* coexist.

Here, we celebrate the small things along with the grand. Warm, inviting spaces for the community to connect. A cup of fresh-brewed espresso next to a cozy fire. Friends gathered round the big screens watching a game. A friendly round of pool where no one keeps score. Sunny days spent poolside. A place to call home.
