**Hudson Road and Settlers Ridge Parkway Roadway and Intersection Improvements  
Anticipated Construction Start – April 19**

April 6, 2021

Dear Resident:

This letter is to notify you that the city anticipates starting roadway and intersection improvements to Hudson Road and Settlers Ridge Parkway on **April 19 (weather permitting)**. Portions of both roadways will close to through traffic, including the intersection of Karen Drive at Settlers Ridge Parkway. Detour routes will be posted in advance of the road closure. The anticipated completion date is Oct. 1. Attached to the back of this letter is a project location map.

Improvements to Hudson Road will start just west of the Hudson Road and Settlers Ridge Parkway intersection and extend 1,600 feet east. Improvements to Settlers Ridge Parkway will take place from the I-94 Bridge south to approximately the Legends of Woodbury main entrance. The improvements include grade changes at critical locations, turns lanes at the intersections, minor utility improvements, and a traffic signal at the intersection of Hudson Road and Settlers Ridge Parkway. These roadway and intersection improvements are necessary to accommodate traffic volumes and vehicle movements associated with developments in the northeast area of Woodbury.

The city understands the inconvenience these roadway improvements will create. Thank you for your cooperation and patience during this project. If you have any questions regarding the proposed work, please feel free to contact Doug Peterson at 651-714-3593.

Sincerely,

*Doug Peterson*
