Please read below for information about the convenient transit options available in our area.

BAY AREA RAPID TRANSIT (BART)

With its network of trains and stations, BART connects major cities, airports, and suburbs, offering a reliable and efficient mode of transportation for daily commuters and visitors alike. The system covers four counties—San Francisco, Alameda, Contra Costa, and San Mateo—and operates five lines that run across 121 miles of track.

511 CONTRA COSTA RIDE MATCHING ASSISTANCE

This service connects commuters who share similar travel patterns, enabling them to form carpools or vanpools for their daily journeys. Participants enjoy benefits such as reduced commuting costs, access to carpool lanes, and the opportunity to make new connections with fellow travelers.

TRI-DELTA TRANSIT PASS (TDT)

With the TDT pass, commuters enjoy the convenience of hopping on and off buses without the hassle of purchasing individual tickets for each trip. This not only saves time but also encourages the use of public transportation, reducing traffic congestion and promoting eco-friendly commuting choices.

TRI DELTA TRANSIT

CLIPPER CARDS

Clipper Cards provide a seamless experience for commuters, allowing them to access various transit services with a single, reloadable card.
