

**CERTIFICATE OF ADOPTION
OF
SECURITY MEASURES GUIDELINES
OF
HOMEOWNERS ASSOCIATION OF PARKWAY AT ELDRIDGE**

STATE OF TEXAS §
 § KNOW ALL PERSONS BY THESE PRESENTS:
COUNTY OF HARRIS §

WHEREAS, the Board of Directors (the "Board") of Homeowners Association of Parkway at Eldridge, a Texas non-profit corporation (the "Association") is charged with administering and enforcing that certain Declaration of Protective Covenants for Parkway at Eldridge, Section One (1) recorded in the Office of the County Clerk of Harris, Texas (the "Official Public Records"), under Clerk's File No. 20140044130, as may be supplemented and amended from time to time encumbering the Parkway at Eldridge community (the "Community"); and

WHEREAS, Chapter 202 of the Texas Property Code was amended effective September 1, 2021, to add Section 202.023 thereto ("Section 202.023"); and

WHEREAS, Section 202.023 requires a property owners' association to allow an owner the ability to build or install a security measure, such as a security camera, motion detector, or perimeter fence, subject to certain guidelines and restrictions; and

WHEREAS, the Board has determined that in connection with the adoption of guidelines and restrictions on security measures in the Community, it is appropriate for the Association to adopt the guidelines described herein below; and

WHEREAS, the Bylaws of the Association provide that a majority of the members of the Board shall constitute a quorum for the transaction of business and that the action of a majority of the members of the Board at a meeting at which a quorum is present is the action of the Board; and

WHEREAS, the Board held a meeting on the 7th day of July, 2026 (the "Adoption Meeting"), at which at least a majority of the directors of the Board ("Directors") were present and duly passed the security measures guidelines described herein below (the "Security Measures Guidelines").

NOW, THEREFORE, to give notice of the matters set forth herein, the undersigned, being the President of the Association, does hereby certify that at the Adoption Meeting, at least a majority of the Directors were present and at the Adoption Meeting, at least a majority of the Directors present duly adopted the Security Measures Guidelines. The Security Measures Guidelines are effective upon recordation of this Certificate in the Official Public Records and supplement any restrictive covenants, guidelines or policies regarding the types of security measures which may have previously been in effect for the Community, unless such restrictive covenants, guidelines or policies are in conflict with the Security Measures Guidelines, in which

RP-2026-274403

case the terms in the Security Measures Guidelines will control. The Security Measures Guidelines are as follows:

1. General. Property owners may install or build security measures on their lot intended to promote security for their own lot and property while adhering to and promoting the design, harmony and aesthetics of the Community.

2. Cameras/Motion Detectors. Property owners may place cameras and motion detectors on their own lot as security measures. Cameras and motion detectors may not be placed on the lot of any other owner, or on any Association property.

3. Perimeter Fencing. Ground-mounted perimeter fencing is permitted by the Association as a security measure and must comply with the following:

a. Must not obstruct a license area, as defined by a written license agreement or plat; a sidewalk in the public right-of-way or otherwise installed for public or community; or a drainage easement or drainage area;

b. Any driveway gate must be set back at least ten (10) feet from the right-of-way if the driveway intersects with a laned roadway, as defined by Section 541.302 of the Texas Transportation Code;

c. May not be in front of the front-most building line of the dwelling located upon the lot.

Notwithstanding Subsection (c) above, a property owner may maintain a perimeter fence in front of a dwelling's front-most building line if:

(i) the perimeter fence was installed or constructed before September 1, 2025, and was properly applied for and approved in writing by the Association architectural review body and otherwise in compliance with the Association's governing documents; or

(ii) the property owner's residential address is exempt from public disclosure under state or federal law.

Further, such perimeter fence must otherwise be installed in a contiguous manner wholly upon the property owner's lot. Perimeter fencing shall be of a height that is reasonable in relation to its location on the lot and surrounding structures. A gate in a perimeter fence is for all purposes considered part of the perimeter fence. Perimeter fencing as a security measure shall not consist of any barbed wire, razor wire, chain link, or vinyl. Electrically charged fencing as a security measure or otherwise is prohibited.

4. Plans and Specifications. Prior to installation of any security measure, including but not limited to, cameras, motion detectors, and perimeter fencing, owners must submit to the Association's architectural reviewing body (the "Architectural Reviewing Body"), plans and specifications, including dimensions, colors, materials, and proposed location on the property

owner's lot, scaled in relation to all boundary lines and other improvements on the lot. Owners must receive prior written approval from the Architectural Reviewing Body prior to installation of any security measures. The Architectural Reviewing Body may require the use of, or prohibit, specific materials, colors, and designs and may require specific location(s) for the security measure. A property owner who builds or installs a security measure must ensure that it is in compliance with all laws, ordinances and codes. An approval of an application for a security measure by the Architectural Reviewing Body is not a guaranty of compliance with any laws, ordinances, codes, drainage requirements or otherwise, and the property owner assumes all risks, expenses and liabilities associated with safety and security measures built or installed, including, but not limited to, the city or county requiring the removal of perimeter fencing or security measure for any reason. Approval by the Architectural Reviewing Body is not a guarantee of safety or security. The Association does not provide security and is not responsible for the safety or security in the Community.

5. Maintenance. Any security measure built or installed shall be properly maintained, kept in good repair, and not go into a state of disrepair or become an eyesore.

EXECUTED on the date of the acknowledgment set forth herein below, to be effective as set forth above.
