Equal Access Opportunity Housing

The property is an Equal Access Housing Opportunity provider and does not discriminate against applicants or residents on the basis of race, color, religion, national origin, sex, age, sexual orientation, gender identity, marital, familial, or handicapped status.

Reasonable Accommodations

It is illegal to reject an applicant because he or she has a disability, or for reasons that could be overcome by the Property's reasonable accommodation of the applicant's disability. If, even with reasonable accommodation, applicants with disabilities cannot meet essential program requirements or perform conditions under the lease, it is permissible to reject the applicant. Such insurmountable problems might arise because of:

- Behavior or performance of the applicant, applicant's children, or applicant's guests in past housing, based on information provided by prior landlord verifications over the past 2 years.
- Inability to comply with the terms of the Property's lease, or
- Needed services from Property staff that represent an alteration in the fundamental nature of the Property's program.

The Property will implement all reasonable accommodations for persons with disabilities in consideration of extenuating circumstances in the screening process and in regard to assistive animals for the disabled, and all permitted criteria under HUD Handbook 4350.3, including policies that are promulgated by Federal, State, or local laws.

In accordance with Section 504 of the Rehabilitation Act of 1973, as amended, the Property will provide reasonable accommodation for individuals with disabilities (applicants or residents). Section 504 and the Fair Housing Act prohibit discrimination on the basis of disability in any program or activity receiving federal financial assistance.

Such accommodations may include changes in the method of administering policies, procedures, or services.

In addition, the Property may perform structural modifications to housing and non-housing facilities on sites where such modifications would be necessary to afford full access to the housing program for qualified individuals with disabilities.

In reaching an agreement as to a reasonable accommodation with or performing structural modifications for, otherwise qualified individuals with disabilities, the Property is not required to:

- Make structural alterations that require the removal or altering of a load-bearing structural member;
- Provide support services that are not already part of its housing programs;
- Take any action that would result in a fundamental alteration in the nature of the program or service;
- Take any action that would result in an undue financial and administrative burden on the Property (including structural impracticality as defined in the UFAS).

Units may be made accessible for individuals with disabilities in accordance with the HUD Handbook 4350.3 Rev I, Chapter 2, Section 3, Subsection 4.

Any questions regarding Reasonable Accommodation decisions contact Peak Living LLC's 504 Coordinator: Kelianna Crapo (385) 375-3185; TTY 711

III Statements of Non-Discrimination

The property shall not automatically deny admission to a particular group or category of otherwise eligible applicants. The Property will seek to prevent situations and will not develop or implement procedures, which create a barrier to equal housing opportunity for all.

The property shall not discriminate because of race, color, sex, religion, age, handicap, disability, familial status, national origin, marital status, gender identity, and sexual orientation in the leasing, rental, or other disposition of housing or related facilities (including land), included in any development or developments under its jurisdiction or in the use or occupancy thereof. The Property shall not on account of race, color, sex, religion, age, handicap, disability, familial status, national origin, marital status, gender identity, and sexual orientation:

- Deny to any family the opportunity to apply for housing, nor deny to any eligible applicant the opportunity to lease housing suitable to its needs;
- Provide housing that is different from that provided by others;
- Subject a person to segregation or disparate treatment;
- Restrict a person's access to any benefit enjoyed by others in connection with the housing program;
- Treat a person differently in determining eligibility or other requirements for admission;
- Deny a person access to the same level of services;
- Deny a person the opportunity to participate in a planning or advisory group, which is an integral part of the housing program;

IV Privacy Policy

It is the policy of the Property to guard the privacy of individuals conferred by the Federal Privacy Act of 1974 and to ensure the protection of such individual records maintained by the Property.

Therefore, except as required by law, neither the Owner nor its agents shall disclose or receive any personal information contained in its records to any person or agency unless the individual about whom information is requested shall give written consent to such disclosure and as provided in the:

- Form 9887, Notice and Consent for the Release of Information to the U. S. Department of Housing and Urban Development and to a Public Housing Agency;
- Form 9887-A, Applicant's Tenant's Consent to the Information Verification by Owners of Information Supplied by Individuals who Apply for Housing Assistance and
- HUD Fact Sheet.

This Privacy Policy in no way limits the Property's ability to collect such information as it may need to determine eligibility, compute rent, or determine an applicant's suitability for tenancy.

All information including information received pursuant to Section 504 of the Rehabilitation Act of 1973 (as amended), regarding handicap or disability will be treated in a confidential manner. "Confidential manner" is defined as limited access by staff members and maintained in restricted locked files.

V Income Limits**Establishing Income Limits**

HUD establishes and publishes limits for each county or Metropolitan Statistical Area in the country. The income limits are based on the median income of Riverside County, CA Riverside-San Bernadino-Ontario MSA.

The income limits are published annually and are available from the local HUD office or on-line at www.huduser.gov.

Income limits are based on family size and the annual income the family receives.

Timing of Income Eligibility

We will determine income eligibility prior to approving applicants for tenancy. We will compare the family's annual income as stated on the application to the appropriate income limit prior to placing an applicant on the waiting list. However, we will not verify the applicant's income until a unit is available.

Program Income Limits

This Property must determine eligibility under Very-Low Income limits for assisted families. The Very-Low Income limit is 50% of the median income.

Income Targeting

This Property must lease not less than 40% of the dwelling units that become available for occupancy during the year to extremely low-income families, where their income doesn't exceed 30% of the median income.

To meet this requirement, we market the community as noted in the Affirmative Fair Housing Marketing Plan.

VI Qualifying for Admission Eligibility Requirements

Applicant eligibility is not an entitlement to housing, the applicant must meet the Resident Selection Criteria.

There are two levels of application eligibility:

- 1) Level one is the Pre-Application

In this stage, an applicant is considered for placement on the waiting list. In the first level of eligibility the following conditions are evaluated:

- Household type, household size, and household composition;
- Income for eligibility;
- Assets and assets disposed of in the past 2 years;
- Unit size needed/requested;

- Unit type needed/requested;
- Identification of household members;
- Unit accessibility needed/requested;
- Special unit needs.

2) Level Two of the applicant eligibility process is the Application Update

In this stage, an applicant is selected from the waiting list and considered for an apartment. At this level, the following conditions are evaluated:

- Changes/updates to the Pre-Application;
- Social Security numbers for all family members claiming eligibility;
- Verifications of income/assets/expenses;
- Verifications of non-financial criteria (i.e., the age for an elderly household, landlord references for past three years);
- Existing Tenant Search for all household members through EIV (HUD Systems) to determine if the household is already receiving subsidized housing;
- Credit Report;
- Citizenship or Eligible Non-Citizens status;
- Verification of eligibility for deductions;
- Verification of accommodation/accessibility needs;
- Criminal Background, including sex offender status;

To be eligible for admission to the Property applicants must:

- Sign all release and consent forms;
- Have household income that does not exceed the applicable income limit;
- Meet the admission occupancy standards set forth in this policy;
- Have demonstrated conduct, habits, and practices which would not prove detrimental to the Property, management, the residents, and the community based on information provided by prior landlord references for the past 2-years;
- The unit for which the household is applying must be the only residence.
- Admissions as of January 1, 2025** - Must not have assets with a total value that exceed \$100,000.
- Admissions as of January 1, 2025** – Must not have present ownership interest, a legal right to reside in, and the effective legal authority to sell real property that is suitable for occupancy by the family as a residence.

VII Application Intake and Processing

Our staff is prepared to assist any applicant who might need assistance in completing any of the application forms. This assistance might include answering questions about the application, helping applicants, who might have literacy, vision, hearing, mobility, or language difficulties, in general, making it possible for interested parties to apply for housing.

If the assistance is “unreasonable”, the interviewer must inform the property manager or regional manager. An example might be an applicant requesting a visit to their home to help

complete paperwork. An assessment must be made to identify and provide reasonable accommodation.

Management may make and document exceptions to the procedures described herein to take into account circumstances beyond the applicant's control, for example, medical situations.

Pre-Application Process

The Pre-Application and property information forms are to be provided in person, via mail, or by email to all applicants requesting an application. The application will be collected in person, by fax, mail or email. However, if the waiting list is closed, applications are not collected, or given out. If the waiting list is open, then an application is given to all requesting one.

NOTE: We don't recommend the return of applications via email due to the sensitive personal data the applications contain. We recommend you encrypt all communications when a completed application is included.

Specific determinations regarding accepting or rejecting applications may not be made without a Pre-Application; however, we would be happy to answer any questions concerning program and eligibility requirements.

Procedures Governing Receipt of Applications

The Pre-Application constitutes the basic record of each household applying for admission. Each applicant, therefore, will be required to:

- Supply information as called for on the form, and
- Sign the application and certification attesting to the accuracy of the information provided.

Each application shall reflect the date and time received. The date and time on the application must be shown on the waiting list. The application and all other materials relating to the applicant's eligibility are to be maintained in a separate file for each active applicant. Whenever information is received from an applicant it must show the date and time received by the Property.

Accepting Applications

Pre-Applications are to be accepted from all "apparently eligible" applicants seeking admission to the Property. "Apparently Eligible" means, based on stated information from applicant certification (prior to verification) the applicant may qualify to be placed on the waiting list. The application will be collected in person, by fax, mail, or email.

- The Pre-Application must be completed and signed by the head of household and all household members over 18 before an applicant can be placed on a waiting list.
- An applicant must always be placed on a waiting list and selected from a waiting list to be housed.

- A Rental Application Update completed and signed by the head of household and all household members over 18 is required before an applicant can be housed.

Placing Applicants on the Waiting List

Pre-Applications will be accepted and reviewed to determine whether the household can be placed on the waiting list. Applicants will be placed on the waiting list based on the applicant's certification of information on the Pre-Application. The application will be collected in person, by fax, mail, or email.

There are three primary considerations when assessing the information contained on the Pre-Application:

- 1) Does the household fall within the income limits and eligibility criteria for the property/program
- 2) Is there an apartment of the type and size that the household needs/requests?
- 3) Is the waiting list open?

If the answer to all three of these questions is "yes", the household/application is placed on the waiting list in "waiting" status.

If all of the answers are yes except for the apartment type, and there is not a correct apartment type to meet the applicant's housing needs, then a determination must be made by the property manager whether the Property/unit must be made accessible and/or if a reasonable accommodation is warranted.

If the household does not fall within the income limits for the property/program, or there is not an apartment of the appropriate size, or the waiting list is closed, then:

- The application is rejected and the reason written on the application
- The applicant is notified of the rejection in writing and they are advised that they may reapply if their circumstances change, or when the waiting list reopens, and
- There is no further review of the application.

An applicant must be advised of the rejection in writing and a copy of the written determination attached to the application. This may be done at the time the application is received or within five (5) days of receipt, by mail.

Processing Applications

The Property will maintain one waiting list based on date and time. Applications will be accepted and applicants will be placed on the waiting list based on the applicants' certification of information on the Pre-Application.

Completing the Application

The Application Assistance and Information page of the application informs applicants that upon request, assistance and/or reasonable accommodation in completing the application will be provided by the Property.

All Application entries are to be made in ink, indelible pencil, or typed. Corrections or changes are to be made by lining through the original entry and entering the correct data. Such changes are to be dated and initialed by the person recording the change and the reason and authority for such changes are noted on the application.

All Applicants must provide proof of identity, age, and evidence of citizenship status or eligible immigration status at the time of Application. Assistance in subsidized housing is restricted to the following:

- U.S. Citizens or Nationals; and
- Non-Citizens that have eligible immigration status.

A mixed family—a family with one or more ineligible family members and one or more eligible family members—may receive prorated assistance, continued assistance, or a temporary deferral of termination of assistance.

Each household member must fill out a citizenship declaration form. If there is a minor, the parent or legal guardian must fill out and sign on their behalf. If a non-citizen makes a declaration of eligibility status and is under the age of 62, we must receive a signed verification consent form and one of the DHS-approved documents as listed on the Citizen Declaration Form.

If for any reason, the documents required from the DHS-approved list are not currently available; the applicant can request an extension.

Non-Citizens age 62 and older must sign a declaration of eligible immigration status and provide proof of age document.

Social Security numbers must be provided for all household members and foster adults/children when contending eligibility. Documentation of Social Security number is not required for individuals claiming eligibility that were 62 or older as of January 31, 2010, and were receiving federal subsidy on January 31, 2010. Management will verify this information to enable this exception.

If an extension is requested, we will inform the applicant in writing if an extension is granted or denied. If the request is granted, we will include in the letter the deadline of no more than 90 days for submitting the documentation. Household will be skipped for the current unit and will remain on the waiting list. If the request is denied, we will state the reasons for the denial in the written response.

If a household member is claiming eligibility and is unable to provide the required Social Security documentation after an extension of 90 days has been granted, the household will be denied.

Under the Age of Six Without an Assigned SSN

The tenant must disclose and provide verification of the new household member's SSN within 90 calendar days of the child being added to the household. The owner must grant an extension of one additional 90-day period, if the owner, in its discretion, determines that the tenant's failure to comply is due to circumstances that could not have been foreseen and were outside the control of the tenant, e.g., delay in processing by SSA, natural disaster, fire, death in the family, etc.).

Applicant households may become program participants even if a child under the age of 6 years is added to the household within the 6- month period prior to the household's date of admission, and that child has not yet been issued an SSN. When adding a new household member who is age six or older, or is under the age of six and has an SSN, the tenant must disclose and provide verification of the SSN of the individual to be added to the household. This SSN must be provided to the owner at the time of the request, or at the time the recertification that includes the new household member is processed.

Proof of age and relationship must be provided for all household members under the age of 18. The pre-application and application update must be signed by all household members over the age of 18.

VIII Preference Categories for Admission**Preferences and Priorities**

It is the policy of the Property that a preference does not guarantee admission. Every applicant must still meet the Property's Resident Selection Standards for acceptance as a resident.

In-place residents on the waiting list shall have priority consideration over outside applicants.

If a household applies that has been displaced by a government action or a declared presidential emergency. These applicants will take priority over other outside applicants.

Applicants whose household income is below 30% of the median income will receive priority for subsidized apartments to meet income-targeting requirements. A report will be pulled upon unit turnovers to determine if the 40% requirement is being met and apply as necessary.

Preference for Accessible or Adaptable Units

For units accessible to or adaptable for persons with mobility, visual, or hearing impairments, households containing at least one person with such impairment will have first priority, (as applicable for a particular unit's features).

NOTE: Current residents requiring accessible/adaptable units shall be given priority over applicants requiring the same type of unit. Where no such applicants or current residents are

waiting, management reserves the right to hold such units' available while outreach efforts are in process to obtain applicants with the need for such units. Where persons who do not require the accessible features of the unit are moved into units designed to meet special needs, they shall do so only after signing an agreement to move to a unit with no such design features should an applicant or current household require an accessible unit of the same type. The resident will be responsible for any charges associated with the move.

Preference for Elderly Housing

There is no preference for Elderly applicants at this property.

As a result of the above-listed priorities and preferences, applicants may be skipped over. Applicants that are skipped over will remain on the waiting list and will retain their placement in line once another apartment becomes available.

IX Admission Occupancy Standards

Apartment Sizes

The property leases/rents the following bedroom size(s), when available

- **One (1) Bedroom**
- **Two (2) Bedrooms**
- **Three (3) Bedrooms**

Occupancy Standards

Occupancy standards are the criteria established for the purpose of matching a household with the most appropriate size and type of apartment.

Apartments will be leased in accordance with the standards and guidelines, which avoid over/under utilization of an apartment, as it affects the following:

- Subsidy Usage;
- Physical impact on the apartment;
- Demand for the particular unit size/type.

Apartments will be leased based in accordance with the following minimum and maximum household compositions in each unit size:

Persons per Household		
Bedroom Size	Minimum	Maximum
1	1	3
2	2	5
3	3	7

To determine the proper bedroom size, for which a household may qualify, the following household members are to be included:

- All full-time members of the household;
- All children anticipated to reside in the unit including children away at school who live in the apartment during school breaks;
 - Except Students that have established residency at another address.
- Children subject to custody agreements or joint custody, residing in the apartment at least 50% of the time or a minimum of six (6) months out of the year.
- Temporarily absent household members (active-duty military, rehab facilities, etc.) unborn children;
- Foster children;
- Live-in attendant.

X Administration of the Waiting List

The Property is required to maintain a waiting list of all eligible applicants. Applicants must be placed on the waiting list and selected from the waiting list even in situations where there are vacancies, and the application is processed upon receipt. This procedure is necessary to assure the complete and accurate processing of all documentation for all applicants.

The waiting list is maintained in chronological order based on the date and time of receipt of the Pre-Application.

The list contains the following information for each applicant:

- Application Date and Time received
- Applicant name
- Household Income
- Family Size
- Address
- Phone Number(s)
- Preference/Priority
- Unit size and Type
- Notification Date(s)
- Response Date(s)
- Comments/Status
- Special Needs

Applicants may report changes to any of the information and retain their place on the waiting list based on the original date and time.

Closed Waiting List

The waiting list is closed when the number of applications on hand is such that the pre-application household would be unlikely to be offered a unit within one year.

The formula for determining the number of names that should be on the waiting list is; multiply the average number of vacancies for the past three years times two. For example, a property

had 10 vacancies in the one-bedroom apartments last year and 14 vacancies the year before, and 17 vacancies three years ago. The total is 41, divide by 3 and multiply times 2. The minimum number of names that should be maintained on the waiting list for the one-bedroom units is 27.

If based on the average turnover for one year, it appears that the waiting list will cause future applicants to wait longer than one year, applications will no longer be accepted and the waiting list will be closed.

When the waiting list is closed, a notice is posted in a conspicuous location, in or near the rental office, and an ad in the local newspaper indicating:

- The date the list closed,
- Applications are not being accepted, and
- Reason for closure.

The Property must not accept or maintain lists of potential applicant names when the waiting list is closed. Applicants inquiring about a unit when the waitlist is closed must be advised that the waitlist is closed and they may apply when the list is reopened.

Opening a Closed Waiting List

To open a closed waiting list, the Property must follow the HUD-approved Affirmative Fair Housing Marketing Plan (AFHMP). The AFHMP must be reviewed periodically and in advance of opening a closed waiting list to assure that it is current.

Opening the waiting list and marketing vacant apartments in the Property must provide an equal opportunity for households to participate in and benefit from the housing programs.

Updating the Waiting List

From time to time the Property will have to update information on the waiting list.

Such a need may occur when:

- The applicant notifies the Property of a change or when
- The applicant's name is reached on the waiting list and the changes are identified when the Pre-Application is updated.

If the applicant's income/household composition changes and the change results in a change in the applicant's status, the original application date is retained.

If the change in household circumstances is such that the applicant is no longer eligible to be on a waiting list, i.e., over the income limits:

- The application will be noted as being ineligible based on updated information, and
- The applicant will be notified in writing of the ineligibility status.

Waitlist Applicants and current residents who have requested a transfer have the opportunity to pass up a unit **one time** and retain their placement on the waiting list when i. When the applicant/resident is offered a second unit and it is not accepted:

- The application will be noted as no longer eligible for the transfer based on the second refusal, and
- The applicant will be notified in writing of the ineligibility to transfer.

Note: This is not applicable to applicants/residents who require the features of an accessible unit and the unit being offered does not meet their needs.

Purging the Waiting List

The waiting list is purged based on applicant contact twice a year or automatically by the Property staff. It is critical that applicants are made to understand that they must continue to contact the property to remain active on the waiting list.

It is the responsibility of the applicant to notify the Property at least twice a year to remain active on the waiting list. The head of household or spouse/co-applicant must contact the Property in person, by email, by phone, and/or by mail (unless some other reasonable accommodation is requested by applicants with verifiable disabilities).

At the time of such notification, the applicant may update information or simply indicate that they are still interested in an apartment.

If an applicant does not contact the Property twice a year their applicant will be inactivated. For this reason, it is important that applicants update their applicant, either in person, by phone, via email, or by mail and the update must be clearly documented with the date, time, and applicant name.

It is also the applicant's responsibility to immediately notify the Property whenever there is a change in the information provided on their Pre-Application. The change may result in the need to place the applicant on a different waiting list.

The waiting list will be periodically purged by the Property staff to determine if applicants on the active list are still interested in an apartment. When purging notices are sent out from the Property. An applicant's failure to respond within the designated time frame may result in the application being removed from the active list and being placed on inactive status.

Changes in Waiting List Status

An applicant's status may change as a result of changes in their income, household composition, or other circumstances. Such a need may occur when the applicant notifies the Property of the change(s) or when the applicant's name is reached on the waiting list and the changes are identified when the Pre-Application is updated. If the applicant's circumstances change and the change requires a different waiting list status for the applicant, such change may not affect the date of the original application.

Placing In-Place Residents on the Waiting List

In-place residents receiving assistance who need to transfer to a different unit are placed on the waiting list even when the waiting list is closed. In other words, an in-place household may be placed on the waiting list at any time.

Current market rate residents not receiving assistance may be placed on the waiting list only if the list is open as a result of resident request or management recognition of need. They are placed on the waiting list as of the date and time an application was received.

For example, A market household's income may decrease to a level that they would qualify for Section 8 assistance. If the waitlist is open, they would be placed on the waiting list as of the date and time the application was received.

In-place residents receiving assistance shall have priority over the outside applicants when any of the following conditions exist:

- Decrease in income causing change in housing program from a non-assisted program to an assisted program.
- Household size changes so that the current apartment size is no longer appropriate and the household is overcrowded or under housed and a unit transfer is required.
- The household develops a need for an accessible unit (if available)
- A unit transfer is needed for medical reasons or VAWA.
- An accessible unit is occupied by a household that does not require the accessible features and there is an applicant or current household requiring the accessibility.

A current household that would like to transfer to a different unit size, but do not meet one of the criteria listed above will be placed on the waiting list by the date and time the request was received. These households will not have priority over outside applicants and will be selected from the waiting list based on date and time the application was received.

A current household may request a unit wherein only part of the household will move to the new unit and the remaining members will continue to reside in the original unit. This is not considered a transfer but rather a new household is being created. In this case, the new household will be placed on the waiting list according to the date and time received. The new household must meet all eligibility criteria in the same manner as outside applicants.

Additions to Existing Household

Household compositions will change over time. Additions to households do not need to be placed on the waiting list to be added to an existing household receiving assistance. The request for the additional resident will need to be reported to the office and approval will need to be obtained by management before the new household members take occupancy. The new household member must meet all eligibility criteria and are verified in the same manner as an outside applicant.

If the existing household moves out within one year of the new household members being added, the entire household must vacate. Exceptions to this will be determined on a case-by-case basis when extenuating circumstances exist.

When adding new household members, if an adult they must execute the required 9887/988A forms. In addition, an existing tenant search is conducted for any new additions of any age through EIV (HUD Systems) to determine if the new household member is already receiving subsidized housing.

Unit Transfers Due to Reasonable Accommodations

If a tenant is transferred as a reasonable accommodation due to a household member's disability, then the owner must pay the costs associated with the transfer, unless doing so would be an undue financial and administrative burden.

XI Verification Requirements

Verification and Documentation of Application Data

All decisions keyed by the application form require verification and/or documentation of applicant and resident data prior to the final decision.

When the applicant is reached on the waiting list for consideration, the information submitted by each applicant will be verified to ensure that:

- The data for determining eligibility, preference/priority status, rent to be paid, and size, type, accessibility, and accommodation of the apartment required is true and complete.
- Complete and accurate records of verification will be maintained by the Property.

Written verification directly from the source must be obtained when possible. Documentation attempts to verify information from the source is required whenever alternative methods of verification are used.

NOTE: All household income determinations will be obtained via this verification process. Management will not accept Determinations made by other means-tested forms of Family Income from Federal Public Assistance, or programs where HUD has established a memorandum of understanding, or Other Federal Benefit determinations made by other means-tested Federal programs that the Secretary determines to have comparable reliability and announces through a Federal Register Notice.

All information relative to the following items must be verified:

- A. Eligibility for admission, including:
 - Income,
 - Assets, asset income and assets disposed of for less than fair market value within the past two years;

- Assets, regardless of total value are verified. Total Value must be under \$100,000.
- Family Composition;
- Social Security Numbers;
- Student Status.

B. Allowances, including:

- Age, disability, or handicap of family members;
- Full-Time Student Status
- Child Care Expenses
- Disability Expenses
- Medical Expenses (elderly households only)

C. Compliance with Resident Selection Criteria, Including:

- Documented ability and willingness to abide by lease requirements
- Previous history of tenancy, rent paying, caring for a residence,
- Criminal Activity of any household member, including sex offender status.

Form 9887 & 9887A are required to be signed by all adults in the household at the time of application and annual certification for all certifications effective prior to January 1, 2025**..

Certifications effective January 1, 2025 and after:**

Form 9887 & 9887A are required to be signed by all adults in the household at the time of application. They will remain in effect until the family is denied assistance, the assistance is terminated, or the family provides written notification to Management to revoke consent.

NOTE: If consent is revoked, management will review with the household to ensure they understand that revoking consent will result in denial of admission or termination of assistance for the entire household. If household confirms decision to revoke consent, Management will notify the local HUD office.

Data matches between HUD and other agencies will continue to automatically occur, when consent is revoked, if the family is not terminated from the program.

Attempted Fraud

Any information provided by the applicant/household that verifications prove to be untrue may be used to disqualify the applicant for admission or the household for continued tenancy on the basis of attempted fraud. The Property considers false information about the following to be grounds for rejection/disqualification:

- Income, Assets, Family Composition, and Social Security Numbers;
- Allowances;
- Previous resident history or criminal history.

Unintentional errors that do not secure an advantage with regard to program eligibility, preferences, or rental assistance will not be used as a basis to reject/disqualify applicants and residents.

XII Determination of Applicant Eligibility

Applicant eligibility is not an entitlement to housing. Every applicant must meet the Resident Selection Criteria.

Applicant Screening

Applicant Screening is required for all applicants before being admitted to the Property. It is a tool used by management to select residents who will pay rent on time, keep the rental in good condition, comply with the provisions of the lease, and cooperate with the quiet and peaceful enjoyment of the community.

The following factors will be considered when screening applicants:

- A. In order to determine the effect an applicant's conduct would be likely to have on the property of its residents, applicants would be evaluated regarding the prior residency.
- B. Current/Previous landlord references will be considered in regard to the following:
 - Past rental history, including non-payment of rent, and frequency of late payments;
 - Failure to cooperate with recertification procedures and requirements;
 - Violations of house rules;
 - Violations of lease/rental agreement;
 - History of disruptive behavior (Including household members and guests);
 - Termination of assistance for fraud;
 - Previous eviction/unlawful detainer;
 - Convictions involving illegal manufacture or distribution of controlled substances;
 - Willingness to maintain previous housing premises, grounds, and/or parking in a decent safe, and sanitary manner;
 - History of illegal activity (drugs or alcohol abuse) that will interfere with the health, safety, or right to peaceful enjoyment of the premises by other residents, to be supported by either verbal or documented incidents by the landlord.
- C. Verifications, Letters, and reports of interviews or telephone conversations with reliable sources, such as current and previous landlords, employers, social workers, parole officers, court records drug treatment centers, clinics, physicians, personal references, and police departments. To the extent possible, these reports shall include the date, source of information, name, and title of person contacted, and a summary of the information received.
- D. Credit References will be obtained and considered for all applicants.

A Negative report will be grounds for disapproving an application as follows:

- Reports that are not recommended by the credit-reporting agency will be disapproved for housing;
- Accounts in collections that have not been paid at the time of applying for housing;
- Accounts that show an average rating of "5" or lower,
- Unsatisfied Internal Revenue Service (IRS) liens;
- Un-discharged bankruptcy.

No Credit – while "bad" credit may be grounds for rejection of an application, no credit will not be grounds for rejection.

E. A Criminal Background Check will be obtained and considered for all applicants.

Felony convictions may be grounds for denial and will be reviewed on a case-by-case basis. Type of conviction, length, and other compensating or mitigating factors will be taken into consideration. A conviction for any activity concerning an illegal controlled substance is grounds for denial.

Any household member who has been evicted from Federally assisted housing for drug-related criminal activity for three years from the date of the eviction will be denied. If the evicted household member who engaged in drug-related criminal activity has successfully completed a supervised drug rehabilitation program or circumstances leading to the eviction no longer exist, the Property may but is not required to admit the household.

Applicants will be denied if the Property determines that there is reasonable cause to believe that a household member's illegal use or a pattern of illegal use of a drug may interfere with the health, safety, or right to peaceful enjoyment of the premises by other residents (examples of evidence of illegal activities may include a conviction record, former landlord references, etc.).

Applicants will be denied if any member of the household is subject to a lifetime registration requirement under a state sex offender registration program. In accordance with Federal law, the Property shall establish standards that prohibit admission to any Federally assisted property to sex offenders subject to a lifetime registration requirement under a state sex offender registration program. This check is conducted via the National Sex Offender Registry.

During the admissions screening process, the Property must perform the necessary criminal history background checks in the state where the housing is located and in other states where the household members are known to have resided.

Applicants will be denied if the Property determines that there is reasonable cause to believe that a household member's abuse or pattern of alcohol interferes with the Health, Safety, or right to peaceful enjoyment of the premises by other residents.

Note: Existing residents that have turned 18 since the last certification will have criminal backgrounds run as per the current criminal criteria at the time of the annual certification, or if the household reports for an interim for other changes. We will not process an interim on a household just due to a member turning 18.

Eligibility Under the Student Rule

The property is required to determine a student's eligibility for Section 8 assistance at move-in, annual recertification, initial certification (when an in-place tenant begins receiving Section 8), and at the time of an interim recertification. If one of the household composition changes reported is that a household member is enrolled as a student. The Property will use the following HUD guidelines as indicated in Chapter 3 of the HUD's occupancy handbook, HUD Handbook 4350.3 Rev I.

Students who are NOT eligible for Section 8 Assistance:

According to Section 327(a) of the law, Section 8 shall not be provided to any individual who:

- Is enrolled as either a part-time or full-time student at an institution of higher education for the purpose of obtaining a degree, certificate, or other program leading to a recognized educational credential.
- Is under the age of 24;
- Is not married;
- Is not a veteran of the United States Military;
- Does not have a dependent child;
- Is a person with disabilities, as such term is defined in 3(b)(3)(E) of the United States Housing Act of 1937 (42 U.S.C. 1437a (b) (3) (E)) and was not receiving Section 8 assistance as of November, 30, 2005;
- Is not living with his/her parents who are receiving Section 8 assistance; And
- Is not individually eligible to receive Section 8 assistance or has parents, (the parents individually or jointly) who are not income eligible to receive Section 8 assistance.

Students who are NOT eligible for Section 8 Assistance

Student status must be disclosed for all adult members of the household. If the head, co-head, or spouse are students they must meet one or more of the following:

- a. The Individual is 24 years of age or older by December 31 of the award year;
- b. The individual is an orphan, in foster care, or a ward of the court at any time when the individual was 13 years of age or older;
- c. The individual is or was immediately prior to attaining the age of majority, an emancipated minor or in legal guardianship as determined by a court of competent jurisdiction in the individual's State of Legal Residence;
- d. The individual is a veteran of the Armed Forces of the United States or is currently serving on Active Duty in the Armed Forces for other than training purposes;
- e. The individual is a graduate student or professional student;
- f. The individual is a married individual;

- g. The individual has legal dependents other than a spouse;
- h. The individual has been verified during the school year in which the application is submitted as either an unaccompanied youth who is a homeless child or youth or an unaccompanied at risk of homelessness and self-supporting by:
 - A local educational agency homeless liaison;
 - The director of a program funded under the Runaway and Homeless Youth Act or a designee of the director;
 - The director of a program funded under subtitle B of Title IV of the McKinney-Vento Homeless Assistance Act (relating to emergency shelter grants) or a designee of the director;
 - A Financial aid coordinator.
- i. The individual is a student for whom a financial aid administrator makes a documented determination of independence by reason of other unusual circumstances.

If the student does not meet one or more of the criteria above there is a two-part test that must be met for the student to be eligible for Section 8 assistance:

The students must be eligible for Section 8 Assistance (Income & have passed all required screening criteria.)

AND

The student's parents, individually or jointly, must be income eligible for Section 8 Assistance. This would be determined by the parents providing copies of their tax returns to determine if the parent's current household size and income limit in the area in which they reside is below the eligible income limit to receive subsidy.

If the parents refuse to provide the necessary documents the applicant will be denied assistance. This is treated on an individual basis, so if you have multiple individuals moving into a unit and one does not meet the criteria, they still may move in, but the household's subsidy will be subsidized as they are not eligible for assistance.

The exception to this is if the student can demonstrate his or her independence from parents.

- F. The need for units for persons with handicaps will be assessed and assigned in accordance with Section 504 of the Rehabilitation Act of 1973 (as amended) when the applicant requests such a unit and appropriate verification is obtained.
- G. The need for assistive animals will be assessed and accommodated based on appropriate verification.
- H. Requests for reasonable accommodation, by persons with handicaps, in the application process will be considered.

To be eligible for admission to the Property each applicant 18 years and older must:

- Complete an application;
- Have household income that does not exceed the applicable income level allowed;

- Meet the admission occupancy standards set forth in this policy;
- Have demonstrated conduct, habits, and practices which would not prove detrimental to the Property, management, the residents, or the community;
- Be willing and able to pay rent and other charges (as demonstrated by rent-paying history and credit report).
- Demonstrated a willingness and ability to maintain the apartment.
- Not allow household members or visitors to damage the Property.
- Not display personal problems which disturb the peace, privacy, and quiet enjoyment of their neighbors.

XIII Violence Against Women Act

Due to protections under the Violence Against Women Act, any negative landlord reference as a result of domestic violence as defined in the Violence Against Women Act, will be excluded and have no impact on the applicant's consideration for residency.

Criminal activity directly relating to domestic violence, dating violence, sexual assault or stalking engaged in by a member of a resident's household, guest, or other person under the resident's control, shall not be cause for termination of assistance, or occupancy rights if the resident or an immediate member of the resident's household is the victim or threatened victim of that abuse. An incident(s) of actual or threatened domestic violence, dating violence, or stalking will not be construed as serious or repeated violations of the lease by the victim (or threatened victim), and will not be "good cause" for the termination of the assistance, tenancy, or occupancy rights of a victim of such violence.

Form HUD-5382, *Certification of Domestic Violence, Dating Violence, Sexual Assault, or Stalking and Alternative Documentation*. All current tenants will be provided the option to complete form HUD-5382, *Certification of Domestic Violence, Dating Violence, Sexual Assault, or Stalking and Alternative Documentation*. This form will also be made available to all families at the time of admission.

Confidentiality

The identity of the victim and all information provided to owners relating to the incident(s) of domestic violence, dating violence, sexual assault or stalking will be retained in confidence and will not be stored in any shared databases or provided to related entity except to the extent that the disclosure is:

- Requested or consented by the individual in writing
- Required for use in an eviction proceeding; or
- Otherwise required by applicable law.

The property will retain documentation relating to an individual's domestic violence, dating violence, or stalking in a separate file that is kept in a separate, secure location from other tenant files.

Form HUD-91067 Lease Addendum for VAWA

Form HUD-91067, HUD's lease addendum for the VAWA provisions is a required addendum to every lease and is to be signed by all adult household members 18 years of age and older. If it is determined that physical abuse caused by a tenant is clear and present, the law provides management with the authority to bifurcate the lease and remove, evict, or terminate housing assistance to that individual, while allowing the victim, who lawfully occupies the home, to maintain tenancy. The eviction of or termination action against the individual will be done in accordance with the procedures prescribed by Federal, State, and local law. If such action is deemed necessary, an interim recertification will be processed reflecting the change in household composition.

XIV Determination of Applicant Qualification**Summary of Verified Data**

Verified data will be reviewed and evaluated as received for completeness, accuracy, and conclusiveness. Where the information received is not completely adequate in all respects, follow-up, or new efforts to obtain such information are to be made and carried through to a conclusion. If during the verification process, it becomes evident that for one or more reasons an applicant is ineligible, the application processing is to be discontinued and the applicant notified of his/her ineligibility and the reason thereof.

As verification of all necessary items for each application is completed, a summary of the verified information is to be prepared. This summary is to cover the following determinations and the basis for such:

- Eligibility of the family with respect to income limits for admission.
- Eligibility of the family with respect to previous tenancy.
- Size of unit to which the family should be assigned.
- Type of unit to which the family should be assigned.
- Applicable rent range. And
- Priority status of the family.

Notification to Applicants

A determination that an applicant is eligible for a unit may be made only after all verified information has been received and reviewed. When eligibility is determined, each applicant is contacted.

To expedite the process applicants should be contacted by telephone. If the applicant is not reached by phone, then a written notice will be served. A written notification is required in addition to the telephone contact. Ineligible applicants will be informed of their right to an informal review in order to reply to the ineligible determination.

Eligible applicants will be asked to contact the office within 10 days to setup an interview. Eligible applicants who do not respond to the interview notice within the 10-day period will be dropped from the waiting list and their application will be considered inactive. The applicant will be notified of this action and advised that they must reapply if they are still interested in a unit. Their name will be placed on the waiting list as of the date and time of their new application.

XV Security Deposits

Security Deposits provide the Property with some financial protection when a tenant moves out of the unit and fails to fulfill his/her obligations under the lease.

To assist in returning as much of the deposit to the tenant, each tenant will receive a copy of the charges that may be assessed upon move out at the time of move in.

Security Deposits Collected from Tenant

It is a requirement that we must collect the security deposit at the time of move in. The amount collected as a security deposit will not fluctuate as the rent may with income changes.

The security deposit collected will be equal to an amount up to, but no greater than one month's Total Tenant Payment, but no less than \$50.00.

Security Deposits for Tenants Transferring to Another Unit

When a tenant transfers to a new unit, we will charge a new deposit and refund the deposit for the old unit.

Under special circumstances the decision may be made to transfer the security deposit to the new unit. This will be made on a case by case basis.

Persons with disabilities have the right to request reasonable accommodations to participate in the informal hearing process.

XVII Acceptance and Move-in of Eligible, Qualified Applicants

Rechecking Applicants prior to admission

If there is a delay of 120 days or more between determination of a family's apparent eligibility and the time of admission, the family will be required to update their application to determine continued eligibility. If changes are reported, they will be verified to determine their effect on eligibility, preference, rent and unit size required.

XVIII Continued Eligibility Reporting Requirements

Annual Recertification

Recertifications of income, assets, expenses & allowances are required on an annual basis. Annual Recertifications are required for each resident currently receiving HUD assistance.

Recertification notices will be sent starting at least 120 days prior to the required recertification effective date.

All information relative to the following items must be verified:

- A. Documents, including:
 - Income,
 - Assets, asset income and assets disposed of for less than fair market value within the past two years;
 - Total Asset Value – Not considered after initial occupancy.
 - Family Composition;
 - Social Security Numbers;
 - Student Status.

- B. Allowances, including:
 - Age, disability, or handicap of family members;
 - Full-Time Student Status
 - Child Care Expenses
 - Disability Expenses
 - Medical Expenses (elderly households only)

Management to ensure we have 9887/9887A on file for all required household members before beginning the verification process.

Interim Recertification –

Effective January 1, 2025 – Residents should follow current HUD Lease provisions for certifications prior to this date.**

When a household experiences a change in household composition or increased income, these must be reported within 10 calendar days of the change.

Examples of items that **must** be reported:

- Proposing to move a new household member in.
 - NOTE: If an adult, must be approved prior to taking occupancy in the unit.
- Any income increase. (Doesn't mean an interim will be processed, as it may be held to be included with the next annual.)

Any decrease in income reported by the household will be processed as an interim certification.

Examples of items that may be reported:

Decreased income
Increases to Eligible Health/Medical Expenses
Increases to Eligible Disability Expenses
Increase in Reasonable Child Care Costs

If the household experiences increased income where the **adjusted** annual income would increase by 10% or more an interim may be processed.

- If the household's annual certification is due within 3 months, this increase will be included with the annual certification and no interim will be processed.
- If the increase is from earned income alone, an interim will not be completed, unless the household has had an interim completed for a decrease since the last annual certification.
- If the increase in income is from unearned income (i.e. Social Security, Unemployment, Child Support), an interim will be processed.
- If there is an increase in unearned income that is 10% or more and any past or current change to earned income, an interim will be processed to include the unearned and earned income updates.
- If the household has had an interim completed for a decrease since the last annual certification, and the household has now reported an increase to income where changes have occurred with both unearned and earned income, if the total combined changes for the unearned and earned income is 10% or more of the adjusted annual income, an interim will be processed.

If the change reported is for an increase to adjusted annual income that results in an interim certification:

- If reported as required – Resident will receive a 30-day notice of rent increase.
- If **not** reported as required – This may result in a retro certification dating back to the 1st of the month following the date of change.

Note – Failures to report changes as required can result in overpaid subsidy and may result in repayment agreements to repay the subsidy the household was not entitled to, back to HUD.

To avoid this, report all changes. We require all changes to be reported in writing. No changes will be accepted verbally.

If the change reported is for a decrease to adjusted annual income:

- If reported as required – The interim certification will be effective the 1st of the month, following the date of the change.
- If not reported as required – The interim certification will be the 1st of the month after it has been reported to management.

Note: If extenuating circumstances exist, management may adjust the effective date to the 1st of the month, following the date of change.

Management to ensure we have 9887/9887A on file for all required household members before beginning the verification process.

XVIV Rent Calculation Review

Review of certification files occur during the life cycle of your residency from internal Peak Associate reviews and also audits conducted by HUD or the Contract Administrator.

Overcharged Rent

If in review, it is found that errors were made in calculating income, and these errors resulted in the resident being overcharged, the resident ledger will be corrected with the transmission of the updated files to HUD retroactive to the effective date of the action the error was made. If the files don't require submission to the agency, the ledger will be corrected noting the credit adjustments within 7 business days. A memo will be sent to the household advising them of the credit to be deducted from their next rent payment.

Note: If the value of the credit adjustment is greater than the monthly tenant rent, the resident may request a refund check be issued. If a refund check is requested, this may take up to 21 days to be issued.

Undercharged Rent

If in review, it is found that the errors in calculating income, the resident rent was determined to be higher than what was included on the 50059, adjustments will be made to all impacted certifications and transmitted to the agency to return overpaid subsidy to HUD. The difference in tenant rent will not be the responsibility of the tenant, but ownership. The resident ledger will reflect the Write offs retroactive to the effective date of the action the error was made up until the new rent is effective for the resident.

The resident will receive a 30-day notice to increase their rent to the new corrected rent amount.

XV Hardship Exemptions – Effective January 1, 2025****

General Relief

Hardship Exemptions for Health/Medical Care Expenses and Reasonable Attendant Care & Auxiliary Apparatus Expenses – General Relief may be considered based upon the below.

Health/Medical Care Expense Eligibility

This expense deduction is permitted only for families in which the head, spouse, or co-head is at least 62 years old or is a person with disabilities.

Disability Expenses (Attendant Care & Auxiliary Apparatus Expenses) Eligibility

Families are entitled to a deduction for unreimbursed, anticipated costs for attendant care and auxiliary apparatus for each family member who is a person with disabilities, to the extent these expenses are reasonable and necessary to enable any family member 18 years of age or older who may or may not be the member who is a person with disabilities to be employed.

Expenses will only be included that meet the definition of health/medical care, reasonable attendant care and auxiliary apparatus expenses as provided by 24 CFR 5.603(b).

If the household has experienced a hardship, they may request a hardship exception. Household must be eligible for either or both Health/Medical Care Expenses or Disability Expenses.

Management will review each circumstance individually to determine if a hardship exists:

Example of potential hardship:

An Elderly Head of Household learns they have cancer. Their medical expenses will increase, but they will still not meet the 10% threshold necessary to take a deduction and ease their rent burden.

If a family:

Demonstrates that their disability and/or health and medical care expenses have increased and exceeds 5% of the family's annual income; **or**

Is experiencing a financial hardship that would not trigger an IR (to relieve them of the financial hardship) where disability and/or health and medical care expenses exceed 5% of the family's annual income; **then**

Verification directly from the sources will be requested. Once verified, the 10% annual income deduction threshold will be reduced to 5% of annual income for a 90-day period.

If an extension is requested, these will be reviewed on a case-by-case basis to obtain verification per the same requirements at time of initial request to confirm that the hardship condition still exists. If approved, this will be for another 90-day period. There will be no limit to the number of 90-day extension requests.

Child Care Exemption

Families can appeal to continue to utilize the child-care deduction if they cannot pay their rent without it.

Child Care Deduction Eligibility

This expense deduction is permitted only for families where children are present 12 years of age or younger. Reasonable care expenses are necessary to enable a member of a family to be employed or to further their education.

Management will review each circumstance individually to determine if a hardship exists:

Example of potential hardship:
Household consists of a disabled Head of Household and their eight-year-old son. The Head of Household receives SSDI income. They had been looking for part-time work for several months and were benefitting from child-care deduction during this time.

They were involved in an accident that exacerbated their disability and they had to pause their job search. This makes them ineligible for the child-care deduction.

If a household cannot afford its Tenant Rent, they can request a hardship exception. Management will review all details and verify directly from sources involved. If approved, the household will continue benefitting from the child-care deduction for 90 days.

At the end of those 90 days, management will follow up with the household to determine if the hardship still exists and conduct necessary verifications. If approved, this will be for another 90-day period. There will be no limit to the number of 90-day extensions.

Phased In Relief – Existing Households (Admissions prior to January 1, 2025)**

All families who received a deduction for unreimbursed health/medical care and/or reasonable attendant care or auxiliary apparatus expenses based upon their most recent income review prior to January 1, 2025**, will begin receiving the 24-month phased-in relief at their next annual or interim reexamination, whichever occurs first.

Families who receive phased in relief will have eligible expenses deducted as follows:

2025** Certification	5% of family’s annual income deducted from expenses to determine allowance.
2026 Certification	7.5% of family’s annual income deducted from expenses to determine allowance.
Certifications beyond 2026	10% of family’s annual income deducted from expenses to determine allowance.

No Phase-In relief will be carried over for new move ins/household additions that were receiving phase in relief at their prior residence.

Note: If a family chooses to obtain a hardship exemption under General Relief, a family may no longer receive the phased-in relief. At the end of their eligibility for their exemption the threshold for the deduction will be 10%.
