

ABOUT OUR EV CHARGING STATIONS

Centerspace has partnered with ChargePoint to provide EV charging stations. Here is some information you need to know if you plan to use this service:

- All users must enter a credit card via the ChargePoint app or ChargePoint card to begin charging. You can download the app directly from the App Store or Google Play, or by using the QR Code on the right.
- Our charging stations are shared between all residents with electric vehicles at our communities. We are asking for your assistance to ensure that chargers remain available when not actively charging a vehicle. EV charging is complimentary for our residents and guests for up to three hours. Overstay fees apply to sessions longer than three hours at \$25/hour after a 30-minute grace period.
- For some additional helpful resources, please follow the links below:
 - [Meet the ChargePoint app](#)

 - [EV Charging 101: Charge, drive and live better](#)

Please feel free to reach out to the office with any questions or concerns. We appreciate your support as we continue to build vibrant and sustainable communities.

Scan the QR code or download from the app stores to get started.
