MAY 2022

Upcoming Renovations

2151 Kirkwood apartments has contracted FSI Construction to conduct a full exterior renovation of our community. Projects will included the following:

- Roof Replacements
- Carpentry and siding repairs
- Patio refacings- we will be removing screens and adding cedar siding to the patios.
 - Exterior Paint
 - Carport repairs
- Sidewalk and concrete repairs

This work will take a few months to complete in totality. We will need your support to see this project to completion. This includes compliance with all requests on behalf of the management team as well as limiting interruptions to the contractors schedule. They are contracted by us and for us and they will be working during regular office hours. There may be some inconvenience with these renovations and repairs and we appreciate your patience and cooperation as we complete these upgrades.

Muffins with Mom

We have "Muffin" but appreciation for all you moms out there! Join us by grabbing a muffin or two while we celebrate you! This event will take place in the front office on Friday, May 6 from 3-5:30 pm. See you there!

Parking Garages Available

We have private garages available to rent! Stop by the office for more information and to reserve yours today!
