## All About Bees with Buffalo Bayou

Buffalo Bayou Partnership (BBP), the non-profit organization creating and stewarding parks and trails along Buffalo Bayou, is pleased to announce its second annual Summer Species –BEES! Summer Species is a celebration of bayou-adjacent flora and fauna. Beginning in 2021 with its exploration of bats, BBP has committed to honoring a new species every year.

Commencing in June and continuing through August, BBP will take the Houston community on a deep dive into these busy little bees. At locations ranging from Yolanda Black Navarro Buffalo Bend Nature Park to Buffalo Bayou Park, experts will lead workshops, walks, talks, and experiential activities for participants of all ages.
