

L2 PIZZA OVEN USAGE INSTRUCTIONS

Pizza Oven Lighting Procedure:

1. Check all burner knobs are in OFF position.
2. Remove Pizza Oven Door on front of Pizza Oven.
3. Push Green Button (30min Timer).
4. Turn Control Knob to “HIGH” and push in and hold.
5. Push igniter button to light the burner.
6. After ignition, keep control knob pushed in for 5 – 10 seconds to satisfy safety valve.
7. Set to desired temperature.
8. If ignition does not occur in 5 seconds, turn off the burner control knob, wait 5 minutes, and repeat Lighting Procedures 1 to 6.
9. To extend cooking time while BBQ is running, push the green button to reset the timer for 30 minutes.
10. To shut off, turn the control knob to the “off” position.
11. If Pizza Oven stops running, repeat Lighting Procedures 1 to 6.
12. After cooking, check all burner knobs are in OFF position.

Warning:

1. While the Pizza Oven is operating, please do not leave the equipment unattended.
2. Use extreme caution while using cooking equipment.
3. Pizza Oven will get very hot to the touch.
