Definition of Disability None

Property Policies (see below for applicable property policy details)

Pets Permitted with deposit

Smoking Permitted in designated areas

Lease Terms 12-month minimum

Application Fee None

Paid Programs None

Available Preferences (see below for information regarding applicable preferences)

Hearing Impaired (for hearing accessible units)

Mobility Impaired (for mobility accessible units)

Veteran

Vision Impaired (for vision accessible units)

Property Income Limit⁽²⁾

60%

⁽²⁾ Income limits are based on federal guidelines that vary by household size and location. To view these base limits, visit <https://www.huduser.gov/portal/datasets/il.html> and select your state and county. All applicants must have income levels at or below the income limit identified above. Our specific Income Limits Table is available in leasing office. See page below for definitions of applicable income limits.

Screening Requirements (see the Resident Selection Plan for details)

Civil Court Records
Credit Check
Criminal Background
Rental History
Student Status
Verification of Disability (for accessible unit requests)
Other

Verification of veteran's status is required for 18 VGHAP designated units. Veteran's preference is in effect for all remaining units.

SECURITY DEPOSIT REQUIREMENTS: This property does not accept installments on security deposits. An applicant who is unable to pay in full will not be accepted unless documentation is received from an agency that has indicated they will pay the security deposit in full on behalf of the household.

Property Programs & Eligibility Requirements

Applicants for Veteran's General Housing Account Program (VGHAP) designated units at this property require occupancy by a veteran and members of their household at the time of move-in and must qualify under the applicable GHAP income limits. We will accept tenant-based vouchers and other forms of government provided rental assistance in our unsubsidized VGHAP units.

Applicants for Local Innovation and Fast Track Housing Program (LIFT) designated units at this property must qualify under the applicable LIFT Program Income Limits. We will accept tenant-based vouchers and other forms of government provided rental assistance in our unsubsidized LIFT units.

Property Policies

Pets Permitted: This property permits common household pets subject to the Pet Rules, payment of a pet deposit and registration requirements. Applicants may request a copy of the Pet Rules for additional information.

Assistance Animals: Applicants are advised that they may request approval to keep an assistance animal needed as a reasonable accommodation to the applicant's disability. Assistance animals approved through the Reasonable Accommodation / Modification process are not considered pets and fall under the terms of the Assistance Animal Policy.

Smoking Permitted in Designated Areas: Smoking is permitted only in designated smoking areas. Applicants may request additional information on designated smoking areas from the leasing office. Smoking includes vaping and e-cigarettes, burning candles or any other activities resulting in "smoke".

Preferences

Applicants eligible for the preferences listed below are selected from the waiting list and receive an opportunity for an available unit earlier than those who do not have a preference. Preferences affect only the order of applicants on the waiting list and do not make an ineligible household eligible. Preferences are listed in order of priority.

Accessible Units (Mobility/Vision/Hearing): Accessible (i.e. barrier free) units may be designed for households with mobility, hearing or vision impairments, or a combination of these. If no current household requires an accessible unit, applicants who request an accessible unit under our Reasonable Accommodation / Modification Procedure and are determined to have a verified need for the features of an accessible unit will be given priority for the unit. An approved applicant requesting an accessible unit may accept a non-accessible unit and still be eligible for an accessible unit under the Unit Transfer Policy. Requests for modifications or accommodations to non accessible units will be considered during the application interview process, but those households will not be given priority for selection.

Should no current household or applicant require the features of an accessible unit, another applicant, selected through the regular screening process will be permitted to occupy the unit. This household will be required to execute the Occupancy Acknowledgement, agreeing to transfer to another unit at their own cost after being given a 30-day notice that another household has verified need for the accessibility features of their unit. If the household refuses to transfer after 30 days, their lease will be terminated and management will initiate the eviction process.

Veterans: This property gives a preference to an applicant who served in the active military, naval, or air service, and who was discharged or released therefrom under conditions other than dishonorable. Applicants requesting this preference must provide a copy of their DD214 or be referred through a specified agency.

Property Income Limits

Income eligible households must have gross annual income that is less than or equal to the maximum allowable income limit for the household size at this property to be eligible. Individual units may have additional income limit restrictions. Income limit tables are updated by HUD and/or applicable agencies on a routine basis and are available in the leasing office.

This property has the following income limit restrictions and requirements.

LIFT Income Limit (60%): All LIFT-assisted units must be occupied by low-income households whose annual gross income does not exceed 60% of area median income. We may only house applicants that meet the required income limits for each unit and the waiting list will indicate the income level of each household. Therefore, if an applicant exceeds the income limit for an available unit but would qualify under the maximum income limit allowed under the program, the household will be placed on the appropriate waiting list and/or skipped.

General Housing Account Program "GHAP" Income Limit (60%): All General Housing Account Program units must be occupied by low-income households whose annual gross income does not exceed 60% of area median income. We may only house applicants that meet the required income limits for each unit and the waiting list will indicate the income level of each household. Therefore, if an applicant exceeds the income limit for an available unit but would qualify under the maximum income limit allowed under the program, the household will be placed on the appropriate waiting list and/or skipped.

Resident Selection Plan

INTRODUCTION: Thank you for your interest in this property. This Resident Selection Plan helps to ensure applicants are selected for occupancy in accordance with Northwest Real Estate Capital Corp.'s (NWRECC) policies, applicable affordable program requirements, and State & local laws. NWRECC's policy is one of equal opportunity and non-discrimination and is compliant with Title VI of the Civil Rights Act of 1964; Section 504 of the Rehabilitation Act of 1973, Americans with Disabilities Act, Fair Housing Act, HUD's Equal Access Rule; the Age Discrimination Act, and the Affirmative Fair Housing Marketing Plan requirements. No applicant will be unlawfully denied housing based on race, color, religion, sex, familial status, disability, national origin, source of income including rental assistance, domestic violence victims, gender identity or actual or perceived sexual orientation, gender identity, or marital status. Applicants must meet all eligibility and program requirements established by the agency(s) governing this property and this Resident Selection Plan to gain admission to this property. NWRECC prohibits bias, including favoritism towards friends or relatives or in other situations where there may be a conflict of interest in the selection process.

MARKETING & TTY: This property is marketed at least once per year, if not more frequently, using all advertising and community contacts as set forth in the Affirmative Fair Housing Marketing Plan, form HUD 935.2. TTY telecommunication is available by calling the posted TTY number, or through the telephone company relay system.

LIMITED ENGLISH PROFICIENCY: Upon request, NWRECC will take reasonable steps to provide to persons with Limited English Proficiency (LEP) a means to understand our written & verbal policies, procedures, and required documents.

APPLICANT RESPONSIBILITIES: An applicant who wishes to become a resident or co resident must possess the legal capacity to sign all documents or have a legal representative who will sign on their behalf (unless an accommodation request has been granted to allow a guardian's signature), provide all necessary information to confirm their identity and initial eligibility, agree to complete the resident certification process, enter into a term lease agreement, execute all applicable forms, pay a security deposit and pro-rated rent, and participate in a unit inspection prior to taking possession of the unit. Applicants who are unable to meet these requirements will be rejected.

Cooperation of Applicant: Applicants are expected to conduct themselves in a cooperative and non-threatening manner. An applicant may be considered ineligible if the applicant has directed abusive, harassing or threatening behavior that was unreasonable and unwarranted towards any resident or guest, vendor, property employee, the management agent or Owner representative during the application process or at any time within the last three (3) years.

Birth Certificates: If verification of age is required to determine household eligibility for certain deductions (e.g. dependent or elderly) or for admission to an elderly property, a birth certificate or acceptable alternative method of verifying date of birth must be provided prior to occupancy for each dependent or elderly household member.

Identification: Each head, co-head, spouse, and all other adult members will be required to provide documentation necessary to verify the household member's name, date of birth (if required for eligibility or deductions) and physical appearance. Examples of documents that may be provided include but are not limited to: a social security card or evidence of a social security number; a certified copy of a record of live birth; a permanent resident card issued by the United States Citizenship and Immigration Services; an immigrant or nonimmigrant visa; an individual taxpayer identification number card issued by the IRS; a passport, driver license or other government-issued identification, regardless of expiration date; or any nongovernment identification or combination of identification that would permit a reasonable verification of identity.

Evidence of Citizenship Status: Verification of citizenship status is not required at this property.

Social Security Number or Individual Tax Payer Identification Number: All applicant household members who have been issued a social security number will be required to provide their valid social security number (SSN) with adequate documentation prior to move-in. Adequate documentation means a social security card issued by the Social Security Administration, an original document issued by a federal or state government agency, which contains the name and social security number of the individual along with identifying information of the individual, or other acceptable evidence as determined by NWRECC.

All adult applicant household members who have not been issued a social security number will be required to provide their individual tax payer identification number (ITIN) with adequate documentation prior to move-in. Adequate documentation means a individual tax identification number letter issued by the Internal Revenue Service, or other acceptable evidence as determined by NWRECC.

Adult applicants with no social security number or individual tax payer identification number must sign a certification form indicating no such number exists.

Supplement to Application for Housing: All adult members of households applying for occupancy in this property must complete the form titled, "Supplement to Application for Housing" during the application process. Applicants will be given an opportunity to review and update this form prior to move-in, and at each lease renewal or recertification.

Authorizing Verification of Information: Verification of information used in determining eligibility will be sought in writing after receiving written authorization from the head of household, co-head, spouse, and all other household members over the age of 18. This written authorization will be obtained during the application interview through the Rental Application, the use of 3rd party verification forms, and information provided by the applicant.

Utilities: If the utilities are not included as part of the rent, utility service(s) must be transferred to the household at the time of the lease and remain connected throughout tenancy.

OCCUPANCY STANDARDS: Occupancy standards have been established to ensure units are not overcrowded or underutilized and are listed on the Resident Selection Criteria for this property. The number of occupants in a unit must be in accordance with the occupancy standards as set forth by NWRECC and based upon local regulations. These occupancy limits comply with Federal, State, and local fair housing and civil rights laws as well as Tenant-landlord laws, zoning restrictions, and HUD's Equal Opportunity and nondiscrimination requirements and are subject to change during the lease term if changes in laws, ordinances or regulations make such change necessary. Notwithstanding the above, NWRECC shall have the right to make reasonable accommodations for individuals with disabilities and may adjust the occupancy limits to further the goal of providing reasonable accommodations.

Counting Household Members to Determine Occupancy Eligibility: All full-time members of the household, including live-in aides, foster adults and all anticipated children. Anticipated children include the following: children expected to be born, children in the process of being adopted by an adult family member, children whose custody is being obtained by an adult family member, foster children who will reside in the unit, children who are temporarily in a foster home who will return to the family, children who are away at school and who live at home during recesses, and children in joint custody arrangements who are present in the household 50% or more of the time. Adoption or other custody proceedings in process must be verifiable to qualify for additional bedrooms.

Who is not Considered a Household Member When Determining Occupancy Eligibility: This list is not exhaustive: visitors, children in joint custody arrangements who are present in the household less than 50% of the time, children who are away at school who have established residency at another address or location as evidenced by a lease agreement, permanently confined/institutionalized household members, or adult children away on active military duty.

Assigning Larger Units: A disabled applicant/resident who requires a larger unit than permitted under the established occupancy standards may request one by following the reasonable accommodation policy.

Occupancy Exceptions: If a property has advertised and is unable to find an applicant household who can move in within 60 days that qualifies for an available unit under the occupancy standards, other applicants selected through the screening process may be offered a unit that is larger than they qualify for. The applicant household will be required to sign an "Occupancy Acknowledgement" agreeing to move to an appropriately sized unit when one becomes available. In this situation, the resident will be responsible for payment of any moving costs associated with the required transfer and the transfer fee will be waived.

Adding a New Household Member: When an existing household requests to add a new household member, the new household member must meet all other eligibility and screening requirements and must execute all required documents prior to moving in. New adult members will not be permitted in Tax Credit or HOME units during the first six months of occupancy unless there are extenuating circumstances approved by NWRECC.

LIVE-IN AIDES: A live-in aide is defined as a person 18 years of age or older who resides with one or more elderly, near elderly or disabled persons and who is determined to be essential to the care and well-being of the person, who is not obligated for the financial support of the person and who would not be living in the unit except to provide the necessary supportive services.

If a resident or applicant household requests a live-in aide, written verification that the household member requires the services of the live-in aide will be requested. If written verification is obtained and approval is granted, property staff will conduct screening as described in this Plan prior to allowing a specific individual to move in as a live-in aide. Such screening shall include landlord and criminal background checks, which include the Dru Sjodin, disclosure and verification of the live-in aide's social security number and all other screening requirements, except verification of income, assets, and credit worthiness. Once approved for occupancy, the live-in aide may live in the unit solely to care for the household member and qualifies for occupancy only for as long as the household member requires the supportive services and is living in the unit. If the household member no longer requires the supportive services of the live-in aide and/or is no longer occupying the unit, the live-in aide will be required to immediately vacate the premises. All live-in aides must sign the Live-In Aide Addendum prior to occupying the unit.

Rejection: A live-in aide who does not pass screening, or who is otherwise determined ineligible for housing will be rejected. If a live-in aide is rejected, an alternate live-in aide may apply.

The Application Process

Preliminary Application: The Preliminary Application approved by NWRECC must be used and requests basic information necessary to determine eligibility for waiting list placement, including the unit bedroom size(s), household composition, household income and assets, preferences, sex offender status, and race and ethnic data required by program regulation. The Preliminary Application does not include all information required to determine program or property eligibility. Applicants placed on the Waiting List must complete the Rental Application and Application Interview before their final eligibility can be determined.

Requesting & Submitting a Preliminary Application: Unless a waiting list has been officially closed, the Preliminary Application is available to anyone who requests one, even if a sizeable waiting list exists. The Preliminary Application may be requested in person in the leasing office during posted office hours, or by phone, fax, mail, or email using the contact information found on the property's sign or provided in the beginning of this Plan. Individuals may also complete and submit an electronic Preliminary Application through the property's website, providing everyone in the household is willing to utilize the electronic process. Preliminary Applications may also be available at various agencies located throughout the community. Individuals may also find the Preliminary Application on the property's website and at various agencies located throughout the community.

While it is the applicant's responsibility to complete the Preliminary Application, it is NWRECC's policy to assist individuals who complete an Applicant/Resident Request for Paperwork Assistance form. Applicants who do not possess the legal capacity to sign documents cannot become a resident or co-resident unless another individual, legally authorized to sign on their behalf, executes the required documents.

Submitting the Preliminary Application: The Preliminary Application must be completed in full and may be submitted in person, by mail, through email or other electronic means, or by fax. It must be signed using ink by the head, co-head, spouse, and all other adult members of the household. Once a completed Preliminary Application has been received, the date and time of receipt will be recorded.

Rejection: If the Preliminary Application is submitted in person, through the mail, by fax or by email and is not complete, property staff will return the incomplete document to the applicant with instructions to complete it and return it to the leasing office

Determining Waiting List Eligibility: The completed Preliminary Application will be reviewed by property staff to determine Waiting List eligibility. If the applicant appears to be eligible based on the information they have provided, the applicant will be placed on the Waiting List and notified in writing of their Waiting List placement.

Rejection: Applicants deemed ineligible based on information provided on the Preliminary Application will be rejected unless a waiver of eligibility has been approved or has been submitted to HUD and a response is pending. In this instance, the applicant may be placed on the Waiting List and put on hold until the waiver has been approved or denied.

Applicant Changes: If information contained in the Preliminary Application or related documents changes after the Preliminary Application has been submitted for processing, it is the applicant's responsibility to immediately notify property staff of the change. Some changes may require the applicant to come to the leasing office to update their paperwork. Changes reported by the applicant may impact the eligibility of household and if the change impacts occupancy standards, the applicant may be required to reapply for a different unit size. Waiting List placement will change if a different unit size is requested.

Waiting List Management: Applicants are listed on the Waiting List by the date and time the completed Preliminary Application was received. The Waiting List includes the name of the head of household, bedroom size(s) requested, household size, preferences (if any), special unit requirements (if any), the household's income level and the applicant's contact log.

Applicants may appear on as many Waiting Lists as requested and for which they appear to be eligible. Because income and other eligibility factors will not be verified before an applicant is placed on the Waiting List, placement on the Waiting List does not guarantee the applicant will be eligible for a unit when one becomes available. No applicant will be considered eligible until the Application Interview process has been completed, the corporate office has approved the move-in, all necessary documents are verified and/or executed and the security deposit and other required move-in charges have been paid. In addition, the unit for which the applicant is applying must be the family's only residence upon move-in.

Waiting List Status: Any applicant may request their Waiting List status by contacting the leasing office. Because applicants are selected for placement based on the preference(s) they are eligible for, the Waiting List status of an existing applicant may change as new applicants apply.

Waiting List Updates: The Waiting List is updated (purged) at least every six months to establish continued eligibility, to remove those no longer eligible, and to reclassify those with a change in status. Management will send a Waiting List Update Letter to initiate this process. Applicants are responsible for contacting the rental office at least every six months to verify continued interest in remaining on the Waiting List.

The Application Interview Process: If a vacancy at the property exists or is expected within the next 90 days, or if property staff wish to prequalify applicants prior to receiving notice of an expected vacancy, the application interview process will begin. Applicants will be contacted to begin the application interview process in chronological order as logged, starting with the first eligible applicant on the waiting list, and according to any applicable preferences noted in this Resident Selection Plan. If we are unable to contact the applicant by phone and/or email, we will skip the applicant and move to the next applicant on the Waiting List. If an applicant requests a specific unit type, like ground floor only, the applicant will only be contacted for units that meet the indicated requirements unless no other applicants have applied for the available unit. If an applicant is contacted and indicates they are not interested in an available unit, we will skip the applicant and the next applicant will be contacted. Applicants may be skipped in this manner twice and maintain their place on the Waiting List. On the third refusal, the applicant will be moved to the bottom of the waiting list, unless they refused a unit that did not meet their specified unit requirements (like ground floor).

In the event there are no applicants on the Waiting List and a vacancy exists or is expected, a new applicant will be asked to begin the application interview process immediately and no Preliminary Application will be required. In most cases, applicants will be permitted to provide their current landlord with up to a 30-day notice without being skipped. However, in the event a unit is vacated unexpectedly or otherwise requires a quick turnaround time, applicants may be asked to sign a lease in fewer than 30 days. Applicants who are unwilling to sign a lease early may be skipped, but this skip will not count toward their three refusals and they will maintain their place on the Waiting List.

During the application interview process, the applicant will be required to complete or update a full Rental Application and supporting documents. Once the applicant has completed these documents, they will be asked to provide required identification for each household member (see Applicant Responsibilities). The applicant is expected to provide original, unaltered documents to support all income, assets, deductions (if applicable), family composition and other requested items before the Application Interview will be considered complete. These required items may be provided in person in the leasing office. Any applicant who does not bring all necessary items with them to the interview to verify eligibility will be given 20 days to provide the missing items. Failure to provide the requested items within 20 days will result in the rejection of the applicant unless verification of missing items has been received by third-party verifiers. Until such time as the applicant provides all items necessary to determine final eligibility for all members, all available units may be offered to other eligible applicants on the Waiting List. For this reason, property staff will typically initiate this process for more applicants than we have available units for. To ensure placement in the next available unit, it is important that the applicant cooperate fully and promptly during this process.

Rejection: If we are unable to contact an applicant because their contact information is no longer valid, or if the applicant indicates they no longer wish to begin the application interview process, we will reject the applicant. If the applicant fails to complete the Rental Application, does not fully cooperate with all aspects of the application interview process, refuses to sign releases to allow for verification of eligibility, or fails to provide original, unaltered documents needed to verify eligibility within 20 days of their application interview, they will be rejected. If we determine through the application interview process that the applicant is ineligible, the applicant will be rejected.

Knowingly Providing False or Incomplete Information: If NWRECC staff or property staff determine that the applicant knowingly provided incomplete or inaccurate information, the applicant will be rejected.

APPLICANT SCREENING: Once the application interview process has been completed, NWRECC property staff will begin the applicant screening process.

Credit, Civil Court & Rent Bureau Screening: NWRECC utilizes a third-party screening provider to obtain credit, civil court and rental history. The screening company will use an established screening policy to determine whether or not an individual meets NWRECC's standards.

Rejection: The applicant will be rejected if unable to pay an additional deposit or provide an approved guarantor when credit is returned with "conditional" approval by our third-party screening company. The applicant will be rejected if credit, civil-court and rental history screening reflects any of the following: an unsatisfactory history of collections, charge-offs, judgments and open bankruptcy deemed to be an unacceptable credit risk; an outstanding balance with one or more landlords; an outstanding balance with a utility company, unless the applicant can demonstrate they can secure utility services for their unit prior to move-in (if applicable); the inability to verify credit references, unless it is determined that credit has not been established; an unsatisfactory rental history that includes multiple late payments or NSF's, write-offs or collections; unsatisfactory history of civil court filings or unlawful detainers, monetary judgments, possession or forcible detainers.

Criminal Screening: NWRECC utilizes a third-party screening provider to conduct criminal background check screening. Property staff may also use data collected from other sources, including but not limited to the Rental Application and Sex & Violent Offender Registries to conduct criminal screening.

Each household will be asked to disclose criminal activity and records for all household members at the time of application and prior to move-in. This will include whether any member is subject to a lifetime or other registration requirements under a state sex or violent offender registration program. Property staff may verify this information using our third-party screening provider, which includes the Dru Sjodin National Sex Offender Database, and other sources.

Individualized Assessments: Disclosing a criminal record(s) or failing to pass the initial third-party criminal screening does not mean that the household will ultimately be disqualified. Applicants are encouraged to submit supplemental evidence to explain, justify or negate the relevance of a potentially negative criminal record and/or pending charges during the application process or during the appeal process if rejected. Examples of information that may be submitted include the police report or court records describing the incident, sentencing record, statement from the applicant, professional letters of reference, evidence of rehabilitation, evidence of restitution, a reasonable accommodation request, and other factors that may negate the relevance of a prior conviction. Once third-party screening has been completed, NWRECC will conduct an individualized assessment of relevant mitigating information provided by the applicant, including the facts or circumstance surrounding the criminal conduct, the age of the individual at the time of the conduct, evidence that the individual has maintained a good rental history before and/or after the conviction or conduct, and evidence of rehabilitation efforts. If a household member is currently facing criminal charges and is participating in a diversion conditional discharge or deferral of judgment program on the charges, please include evidence of participation with the application.

Rejection: Failure to accurately disclose criminal convictions and pending charges during the application process may result in the rejection of the applicant. The applicant will be rejected if criminal history or screening reflects any of the following, unless the applicant provides supplemental evidence that explains, justifies or negates the relevance of their criminal record as determined through the individualized assessment process:

History of Evictions for Criminal Activity: We will reject applicants if any household member was evicted from a prior residence for drug related or other criminal activity in the last three years.

Exception: Properties located in Oregon will not reject applicants convicted of crimes in other states that are not illegal in Oregon, including marijuana use or possession.

Sex & Violent Offenders: We will reject households that include individuals subject to lifetime registration requirements under a State sex or violent offender registration program, or any other violent or sexual offender registry. We may reject households that include an individual convicted of committing sexual or violent offenses, regardless of registration requirements. If the household includes an individual charged with or currently under suspicion of a sexual or violent offense that would not pass our screening requirements if the individual is convicted, we will require a police report and will review the facts that are available to make our determination.

Current Offenders & Pending Charges: Applicants will be rejected if any household member is currently using, selling, distributing or in possession of an illegal drug (under State or Federal laws) or illegal drug paraphernalia. Although we will not reject based on a record of arrest, an arrest record can trigger an inquiry into whether there is sufficient evidence to determine that the individual engaged in the conduct. We will reject an applicant based on the conduct underlying an arrest if the conduct indicates that the individual is not suitable for tenancy, and we have sufficient evidence other than the fact of the arrest that the individual engaged in the conduct. In making this determination, we will use evidence such as police reports detailing the circumstances of the arrest, witness statements, and other relevant documentation that may be used when making a determination that disqualifying conduct occurred. In the event the applicant is unable or unwilling to provide the information needed, we will reject the applicant.

Type I Felony Offenses: We will reject applicants with one or more Type I Felony convictions for five years following the most recent disposition or conviction date or end of incarceration (if disclosed), whichever is later. Type I Offenses include but are not limited to the sale, cultivation, or distribution of drugs (except marijuana), the manufacture or production of drugs (except methamphetamines – see Type II), drug trafficking, distributing drugs to a minor, enlistment of a minor to distribute drugs, unlawful distribution by a registrant and obtaining drugs/prescriptions by fraud. Type I Offenses also include DUI resulting in death, vehicular homicide, negligent homicide, involuntary manslaughter, manslaughter, voluntary manslaughter, unlawful and false imprisonment, gang related crimes, racketeering, and weapons related crimes including the manufacture, sale, purchase, transportation, possession, concealment or use of firearms and promoting prison contraband.

Type II Misdemeanor & Felony Offenses: We will reject applicants with one or more Type II Misdemeanor convictions for three years following the most recent disposition or conviction date, or one year following the end of incarceration (if disclosed); whichever is later. We will reject applicants with one or more Type II Felony convictions for five years following the most recent disposition or conviction date, or three years following end of incarceration (if disclosed), whichever is later. Type II Offenses include but are not limited to assault & battery II, child neglect, child assault, corruption of minors, violating a protective order and partner / family member assault, production or manufacture of methamphetamines, manslaughter, voluntary manslaughter, robbery and armed robbery, indecent exposure, solicitation for sex, or pandering.

Type III Felony Offenses: We will reject applicants with one or more Type III Felony convictions for five years, following the most recent disposition or conviction date, or three years following end of incarceration (if disclosed), whichever is later. Type III Offenses include arson, attempted arson and unlawful burning.

Type IV Misdemeanor & Felony Offenses: We will reject applicants with one or more Type IV Misdemeanor convictions for three years following the most recent disposition or conviction date, or one year following the end of incarceration (if disclosed); whichever is later. We will reject applicants with one or more Type IV Felony convictions. Type IV Offenses involve intentional harmful acts and include but are not limited to murder, attempted murder, kidnapping, abduction, sexual abuse or assault, human trafficking, child sexual abuse, sex trafficking of children, acts of terrorism; the use, dissemination, or detonation of a weapon of mass destruction and registered sex or violent offenders.

Other: An applicant will be rejected (or a resident's lease may be terminated) if the individual is (1) fleeing to avoid prosecution, or custody or confinement after conviction, for a crime, or attempt to commit a crime, that is a felony under the laws of the place from which the individual flees, or that, in the case of New Jersey, is a high misdemeanor; or (2) violating a condition of probation/parole imposed under Federal or State law. We reserve the right to reject any applicant for any offense not already discussed that we believe would threaten the health, safety or right to peaceful enjoyment of the premises by other residents, persons residing in the immediate vicinity of the premises, the owner, employees, contractors, subcontractors, or the management agent. When reviewing these charges and convictions, property staff, the third-party screening provider or the corporate office may consider relevant circumstances such as the seriousness of the offense, the effect on the community, the extent of participation by the applicant, the effect the denial of admission would have on other members of the household, the demand for housing by other families who will adhere to lease responsibilities, the extent the applicant has shown personal responsibility and taken all reasonable steps to prevent or mitigate the offending actions, the involvement of outside Agencies in the household's activities and the effect on the integrity of the Agency program.

Rental / Address History: The applicant must disclose their most recent two consecutive years of addresses / rental history to be considered for a unit. Upon completion of the Application Interview, property staff will begin efforts to verify all prior landlord and other references by mail, email, fax, or telephone. In the event an applicant is being processed prior to a unit being offered to them, property staff will wait to verify rental history with the current landlord until a unit has been offered, or until they reach the top of the Waiting List, ensuring the information is no more than 30 days old at the time of move-in. If prior landlords cannot be verified within fourteen days, property staff will document efforts to contact the missing reference(s) and may then determine if the history provided correlates with the credit report and other known facts. Providing the reported history correlates and no negative references are received, the household will be asked to self-certify and provide other documentation, and the missing reference will not cause a rejection of the application. Property staff are not permitted to disclose who provided specific information on the landlord reference or provide a copy of the reference to the applicant.

Property staff will cross reference addresses and eviction records disclosed on the third-party screening report with the addresses provided on the Rental Application. If an address does not match between the screening report and application and it is within the 2-year rental period, property staff will accept the applicant if they provide a satisfactory explanation of the variance.

Balance Owed to Prior Landlord: Applicants who owe their current or prior landlord money and who have not been turned over to collections will be housed providing the prior landlord verifies that they have a history of making payments on their outstanding balance and are in good standing. In the event an applicant has not made payment arrangements with the prior landlord, they will be accepted if they enter into a payment agreement satisfactory to the landlord. In this scenario, the applicant will be required to provide proof that all payments scheduled prior to move-in have been made. Applicants who have been turned over to collections by a prior landlord will be accepted if they can demonstrate that the balance has been paid in full.

No Rental History: If an applicant household claims to have no prior landlords or less than two years of recent landlord history, either because they owned their home, lived with family or friends or they had no established residence during all or part of the period being reviewed, property staff will request documentation sufficient to demonstrate that the reported lack of rental history is valid. This evidence may include proof of a mortgage, statements from shelters or agencies that can support the applicant's claims, hotel receipts or similar items. If no such evidence can be provided within 14 days, property staff will determine if the history provided correlates with the credit report and other known facts. If the reported history correlates and no negative references were received, missing documentation will not cause a rejection of the application.

Rejection: The applicant will be rejected if we are unable to verify the last two years' worth of landlord or housing references unless it is determined that the applicant does not have two years' worth of history or other documentation considered sufficient is received as described in this Plan. The applicant will be rejected if a landlord or housing reference or the third-party screening report is returned and provides information that the household does not meet NWRECC's standards, including that the applicant, or any other person who will be living in the unit has a history of disruptive behavior, poor housekeeping practices, late payment of rent, lease violations, lease termination for cause, eviction, the prior landlord would not rent to the applicant again, other disclosed information that could adversely affect the health, safety, and quiet enjoyment of other residents, staff, the owner, management agent or vendors, or the applicant's ability to comply with the terms of the lease. The applicant will be rejected if the applicant owes money to another landlord and is not making payments to the satisfaction of the landlord, or if the landlord turned the balance over to collections and the balance has not been paid in full. The applicant will be rejected if their disclosed address history does not match the applicant's credit report history and it is determined that the applicant intentionally failed to disclose one or more addresses.

Ability to Pay Lease Charges: Households must demonstrate that they have sufficient income, assets, or outside assistance to pay their portion of the rent plus other lease charges (if any) at the property.

Extenuating Circumstances: Applicants are encouraged to provide any evidence of extenuating circumstances that may impact the decision made in the initial screening process.

VERIFICATION PROCESS: The applicant must be determined eligible for housing under the housing program(s) that govern this property. Eligibility is based on the gross income of the household, student status (if applicable), and other program requirements. The income of foster children and foster adults is excluded from household income.

Verification of Information: Once the application interview has been completed and household documents provided, property staff will begin to verify income, assets, allowable deductions (if applicable), social security numbers, student status and any other information required for applicant approval. If property staff are unable to verify information through third-party sources, they will use documents provided by the household and permitted by program regulations.

Streamlined Verification: We have implemented the following Streamlining processes:

- 1) **Streamlined Determination of Fixed Income.** At Move-In or Initial Certification and at least every three years (starting in year 4), we will verify income from all income sources using the verification methods described above. In Year 2 and in Year 3, we will apply the published/documented COLA or inflation adjustment factor to the previous year's fixed income amount.
- 2) **Streamlined Certification for Fixed Income Families (90% or more).** In Year 2 and 3, when 90% or more of the household's total annual income is derived from a fixed income source (e.g., Social Security, Pension, Annuity), we will follow the state agency's instructions when calculating income from sources that are not fixed.
- 3) **Streamlined Certification for Fixed Income Families (less than 90%).** In Year 2 and 3, when less than 90% of the household's total annual income is derived from a fixed income source (e.g., Social Security, Pension, Annuity), we will verify all non-fixed income as described above.

4) Self-Certification of Assets. We will accept a Self-Certification of Assets when the family certifies their total assets are equal to or less than the Asset Threshold (\$50,000 as of 2024, subject to annual adjustment by HUD), unless prohibited by another affordable housing program applicable at this property (e.g. HOME, HTF, HOME-ARP and others). The family's self-certification must state the amount of income the family anticipates receiving from their assets and this income will be included in the family's income, unless specifically excluded from income by HUD regulation. Programs that do not permit self-certification of assets will require full verification of the family's assets as described above.

Re-Verification of Information: Any previously submitted or verified documents that will be more than 120 days old at the point of move-in and that are subject to change must be re-verified. Applicants being verified in anticipation of future unit availability may be asked to complete this process more than once to maintain their position on the Waiting List. Applicants will be approved or rejected by following NWRECC's written procedures.

Rejection: In the event we are unable to verify information through these methods, or if the applicant is determined ineligible based on program requirements, the applicant will be rejected.

ADDITIONAL PROGRAM ELIGIBILITY: The applicant must be determined eligible for housing under the following additional program eligibility rules:

The Student Rule - LIHTC: Residing at an apartment community that participates in the Section 42, Low Income Housing Tax Credit program, or a local program that follows the LIHTC Student Rule such as LIFT, households are required to adhere to additional eligibility requirements such as the "student rule". Specifically, the Low Income Housing Tax Credit regulation states that at no time may all the occupants of a household/unit be considered full-time students. A student is defined as any person who is considered a full-time student by the institution for five or more months in a calendar year. If after move-in the household becomes comprised of all full-time students, they are no longer eligible to live in the unit and must vacate the premises except under certain circumstances.

Income eligible student households must satisfy one or more of the following conditions in order to be considered eligible residents:

- 1) Members of the household are married and file or are eligible to file a joint federal tax return. A copy of the tax return must be included in the resident file or a copy of the marriage license (if applicable); or
- 2) If the household consists of a single parent (with custody) and the single parent is not being claimed on the tax return of a third party, and the children are not being claimed as dependents on the tax return of a third party (other than an absent parent). The children can only be listed on the tax return as dependents of the parent they live with (in the unit) or the absent parent (outside of the unit). A copy of the divorce decree or tax return must be included in the resident file; or
- 3) Households are eligible if at least one of the students receive assistance under Title IV of the Social Security Act (e.g. AFDC or TANF); or
- 4) If any one of the residents is enrolled in, and receiving assistance under, the Job Training Partnership Act (JTPA), or a similar governmental job training program; or
- 5) At least one student previously received Foster Care assistance under Part B or E of Title IV of the Social Security Act (for certifications completed on or after 07/31/08).

Rejection: Applicants with any member determined ineligible under the Student Rule(s) or other program specific requirements as described in this Plan or program rules will be rejected.

Unit Transfers are permitted only under the following circumstances:

- 1) There is a verifiable medical reason / reasonable accommodation request for the unit transfer; or
- 2) The household has requested and qualifies for an Emergency Transfer (VAWA or imminent threat not associated with a VAWA crime); or
- 3) The household composition or circumstances have changed, and the household needs a unit of a different size; or
- 4) The household was moved into a larger unit than necessary under the established occupancy standards, with the understanding they would be required to move if an appropriately sized unit becomes available; or
- 5) The household moved into an accessible unit because there were no qualified applicants, with the understanding that they would be required to move to another unit if a household needing the features of the accessible unit surfaced; or
- 6) An unsubsidized household needs Section 8 or similar rental assistance that is only available in a different unit size, or a Section 8 / rent assisted household's assistance is terminated and they need to move to a different unit type to make the Section 8 / rent assistance available to another household. Note: The household must fall within the occupancy standards of the new unit to qualify for the transfer.

Other Transfers: Transfers for any other reason are prohibited unless authorized in writing by the Regional Property Manager. If a transfer is permitted under this section, individuals will be placed on the Waiting List with the other applicants in chronological order for the unit size requested unless extenuating circumstances exist and are approved by the Regional Property Manager.

Change in Household Composition: If one or more members of an existing household wishes to move into their own unit at the property and one or more members of the existing household remains, the vacating members will be considered a new household and must go through the entire application process. Households applying as a new applicant will be entitled to receive the same preferences available to other applicants. The security deposit and any outstanding charges or credits on the original household's account will stay with the remaining family member(s). Additionally, the remaining family member(s) will be required to execute a new lease that excludes the vacating member(s).

Order of Preference: Households will be transferred in the following order:

1. An existing household requires a unit transfer for a verifiable medical condition or reasonable accommodation. These transfers will be done in chronological order before all other transfers and applicant move-ins.
2. An eligible household has requested the features of an accessible unit, and the household occupying the unit does not need the accessibility features. These transfers will be done in chronological order by the date the eligible household requested the accessible unit.

3. The household has provided information to show they are eligible for an Emergency Transfer.

4. An existing household has exceeded the occupancy standards for their current unit size; or is underutilizing their unit (falls below the occupancy standards). These transfers will be done in chronological order according to the date the household became ineligible for their current unit.

5. A non-Section 8 household needs Section 8 or similar rental assistance that is only available in a different unit size. Note: Existing households will be eligible for available Section 8 / rental assistance in chronological order and will be given preference over applicants, regardless of whether a transfer is required.

6. A Section 8 / rent assisted household's assistance was terminated and they need to move to a different unit type to make the Section 8 / rent assistance available to another household. Note: Existing households will be eligible for available non-Section 8 / non-rent assisted units in chronological order and will not be given preference over applicants, regardless of whether a transfer is required. These households will not be given status as a non-Section 8 / rent assisted household unless there is a non-Section 8 / rent assisted unit available and they are next on the list. Otherwise, they will continue to pay the Section 8 / rent assisted Contract rent.

7. All other transfers (including requests to transfer to a different unit size when the household falls within the required occupancy limits for their current unit) will be done in chronological order, with no priority for existing residents over applicant households currently on the Waiting List.

Transfer Charges: The resident will be required to pay all cleaning and damage fees charged for the old unit within 30 days after the transfer date for all unit transfers. This requirement applies to all transfer types. These fees cannot be deducted from the security deposit.

Rent Charges: The resident will be required to sign a new lease on their new unit on the day they receive keys to the new unit. The resident will be responsible for the rent on both units until all possessions have been removed, resident cleaning has been completed and the keys of the original unit are returned to the office. If the household is receiving rental assistance, they will be required to pay the daily contract rent on the original unit, and the total tenant payment on the new unit. If the household does not fall under one of the exceptions listed in the Unit Transfer Policy but they are able to complete the transfer in one day or over a weekend, no additional rent charges will be assessed on the original unit.

Security Deposits: If the household is transferring to a different unit, the security deposit in the original unit will be transferred to the new unit with the household and may not be used to pay outstanding charges in the old unit. If household is not receiving project based rental assistance at the time of the transfer and the new unit requires a larger deposit, the household will be required to pay the additional amount necessary to meet the new deposit requirement before they move-in. If the household composition is changing and one or members is vacating, the security deposit will not be refunded and will stay with the remaining household member(s).

Reasonable Accommodations: If a resident household is being moved to a different unit as a reasonable accommodation to a household member's disability, the property will pay for the move unless doing so would constitute an undue financial and administrative burden. Moving costs covered by the property do not include the cost of transferring service for telephone, etc.

Refusal to Transfer When Required: If property staff require a household transfer to another unit as described above and the household refuses, the household:

1. May remain in the current unit and pay the HUD approved market rent, but only if they are residing in a HUD property; or
2. Must move out of the property within 30 days after property staff notifies them that a transfer to another unit is required. If a Rural Development or Tax Credit household refuses to transfer or vacate the premises, their lease will terminate and eviction proceedings will commence.

Re-Applying: All residents have the right to reapply for a new unit by going through the Application Process. If a resident initiates this process, they will be screened according to the Property's Resident Selection Plan, which includes an acceptable landlord reference from the current landlord. If the household still qualifies for housing under the current guidelines, they will be placed on the Waiting List in chronological order with the other applicants. At the time a unit becomes available for them, the transaction will be viewed as a move-out and a move-in. The security deposit on the old unit will be used to pay any outstanding charges, and the security deposit on the new unit will be recalculated and collected prior to giving the resident possession of the new unit. All move-in paperwork will be completed, including a new lease.

Ineligible Households: Households that have received a lease violation in the past six months will not be eligible for a unit transfer unless the transfer is required by regulation. If a household has requested a transfer and has been placed on the Waiting List and subsequently receives a lease violation or fails a unit inspection, the household will be skipped on the waiting list until such time as they have demonstrated full compliance with the lease terms for a minimum of six months.

A household residing in or transferring to a HOME assisted unit must re-qualify under the current applicable HOME program requirements. If qualified, the household will be processed like a move-out and move-in, rather than a unit transfer.

Requesting a Unit Transfer: Households that are eligible for a unit transfer based on the Unit Transfer Policy may request one by completing the Unit Transfer Request (NT 16-08.E). Households that believe they may have a valid reason for requesting a unit transfer that is not addressed in this policy may request an exception to the policy by completing the Unit Transfer Exception Request (NT 16-08.G). These forms are available in the leasing office.

REJECTION: An applicant will be rejected for failing to meet program eligibility requirements, or any of the eligibility factors outlined in this Resident Selection Plan, based on information we obtain during the application process. The information we consider may be obtained verbally, in writing, electronically, or through any other means. Applicants will never be unlawfully rejected on the basis of race, color, religion, sex, familial status, handicap status, national origin, source of income including rental assistance, domestic violence victims, gender identity sexual orientation, or gender identity.

Notification of Rejection: If at any time during the application or interview process the applicant is determined to be ineligible or fails to respond or provide information necessary to verify eligibility, the applicant will be rejected. Property staff will issue a notice to the applicant in writing, specifying the reason for the rejection. This notice will inform the applicant of their right to appeal within 14 days or request a reasonable accommodation, and the method(s) for doing so.

Third-Party Screening: If we reject an applicant based on the third-party screening provider's report, we will provide the applicant with an adverse action letter that includes the contact information for the screening provider and the opportunity to correct or clear any adverse history through the appeal process. We are unable to provide applicants with a copy of the screening report directly.

Appeals: Applicants have the right to appeal within 14 days of the date of the rejection letter. All appeals will be reviewed by a staff member who was not involved in the initial decision to reject the applicant. NWRECC staff will respond to all rejection appeals in writing within five business days of receipt of an appeal and necessary supporting documentation. If supporting document cannot be provided in a timely manner, the decision will be made with the information provided with the initial appeal.

Rental History & Civil Court Records: If we reject an applicant based on the rental history reported by our third-party screening company, we will give the applicant the opportunity to provide proof that outstanding balances, write-offs or collections have been paid in full through the appeal process.

Criminal Appeals: Applicants with a criminal history are encouraged to submit the items described below at any point during the application process for consideration. If an applicant is rejected due to criminal history, they will be provided with instructions on how to file a criminal appeal and submit the following documents, as applicable. Because some of the items requested may take additional time for the applicant to gather, we will accept the request for appeal within the timeframe outlined in the rejection letter and then will postpone the appeal meeting for up to 30 days if the applicant indicates they need additional time.

- * Police Report or Court Records detailing the specifics of the incident(s) – recommended for all convictions where the applicant's specific actions may not be readily apparent to the reviewer.
- * Sentencing Record detailing the dates incarcerated & duration of supervision – not required for convictions that did not result in incarceration or subsequent supervision by a Probation & Parole Supervisor.
- * Applicant Statement of Appeal – applicant may explain what happened and why we should consider him or her, despite their criminal history.
- * Professional Letter(s) of Reference – from Probation & Parole Supervisor, transitional housing representative, mental health care provider, employer, or others with official knowledge of incident(s) and efforts made by applicant since convicted.
- * Evidence of Treatment or Education – submit Certificate of Completion or letter from program leader. Include course content and the course completion date, or date enrolled, estimated completion date and current status.
- * Evidence of Restitution – if applicable, provide evidence of victim compensation.
- * Evidence of Good Rental History – if checked, we will request this from the property where you applied.

Criminal appeals are reviewed by the Corporate Office and may be submitted using the Request for Criminal Appeal form.

Active Participation in Established Programs: Depending on the date and nature of the crime(s), we may grant an appeal for an applicant who is currently involved in an established program with a proven track record where the program administrator has indicated they will monitor the applicant's activities on a regular basis for a minimum of one year. Depending on the crime, we reserve the right to require monitoring for a longer duration.

ADA: Individuals who are not current drug users/alcohol abusers and have undergone or are currently participating in a supervised rehabilitation program are protected under fair housing laws providing the rehabilitation center gives a satisfactory reference, indicating the applicant is able and willing to comply with the terms of the lease. These individuals must still meet all other screening requirements, including being qualified under the criminal screening requirements discussed in this Plan.

Exclusion of Ineligible Member: If any member of the applicant's household fails to meet the requirements for approval, the entire household will be rejected. The applicant may successfully appeal a rejection by excluding a household member that participated in or was culpable for an action or failure to act that warranted denial. For example, if an applicant is rejected because of the criminal activity or landlord history of one member, we may reconsider the application if the household excludes the offending family member. To approve the applicant under this provision, the applicant must provide substantial evidence that the offending household member will not live in the unit as an unauthorized person. If removing the household member changes the number of bedrooms the household qualifies for, the household must reapply and will not retain their place on the waiting list. This exclusion of ineligible member section does not apply to applicant households that were denied because they exceeded the maximum income limit of the property.

Waiting List Placement: Once an applicant has been rejected and notified of their opportunity to appeal, property staff will resume application processing of the next eligible applicant for available units and the rejected applicant will be skipped. If the applicant successfully appeals the rejection, placement on the waiting list will be reinstated; however if another applicant has already been offered a unit that is currently vacant or on notice, that applicant will be assigned the unit, and the reinstated applicant will be contacted for the next available unit for which they qualify. If the appeal is denied, the applicant will be removed from the Waiting List.

Extenuating Circumstances: Applicants are encouraged to provide any evidence of extenuating circumstances that may impact the decision made during the appeal process. It is within NWRECC's sole discretion to determine if the applicant is eligible for housing after considering provided information.

REASONABLE ACCOMMODATIONS / MODIFICATIONS: The Reasonable Accommodation / Modification Procedure and forms for requesting reasonable accommodations and modifications are available in the leasing office upon request. If you are unable to make your request in writing, you may ask a third party (including property staff) to reduce your request to writing on your behalf. All such requests will be processed as described in the referenced procedure, based on the reasonableness of the request and the financial impact (if any) on the property. All requests for reasonable accommodation will be submitted to and reviewed by our 504 Coordinator, Tracie Lindgren. The 504 Coordinator may be contacted at (406) 252-3773 or at 2929 3rd Avenue N, Ste. 538, Billings, Montana 59101. Requests may also be emailed to 504@tamarackpm.com.

PROTECTIONS PROVIDED UNDER THE VAWA: The Violence Against Women Act (VAWA) provides protections to women or men who are the victims of domestic violence, dating violence, sexual assault and/or stalking – collectively referred to as VAWA crimes. The Company understands that, regardless of whether state or local laws protect victims of VAWA crimes, people who have been victims of violence have certain rights under federal fair housing regulation.

This policy is intended to support or assist victims of VAWA crimes and protect victims, as well as affiliated persons, from being denied housing or from losing their HUD assisted housing as a consequence of their status as a victim of VAWA crimes. Affiliated persons include:

1. A spouse, parent, brother, sister, or child of the victim, or a person to whom the victim stands in the place of a parent or guardian (for example, the affiliated person in the care, custody, or control of the victim); or
2. Any individual, resident/applicant, or lawful occupant living in the household of that individual.

For example: An owner/agent may waive the requirement to review landlord history for an applicant if the victim has provided necessary documentation to certify their status as a victim and if contacting a previous landlord would put the applicant's location at risk of exposure to the accused perpetrator.

VAWA ensures that victims are not denied housing and housing assistance solely because the person is a victim of a VAWA crime. However, being a victim of a VAWA crime is not reason to change the eligibility or applicant screening requirements set forth in this plan unless such requirements interfere with protections provided under the VAWA.

Confidentiality: The Notice of Occupancy Rights under the Violence Against Women Act provides notice to the resident/applicant of the confidentiality of information about a person seeking to exercise VAWA protections and the limits thereof. The identity of the victim and all information provided to the company relating to the incident(s) of abuse covered under the VAWA will be retained in confidence. Information will not be entered into any shared database nor provided to a related entity, except to the extent that the disclosure is:

1. Requested or consented to by the victim in writing; or
2. Required for use in an eviction proceeding or termination of assistance; or
3. Otherwise required by applicable law.

The Company will retain all documentation relating to an individual's domestic violence, dating violence, sexual assault and/or stalking in a separate file that is kept in a secure location from other applicant or resident files.

Requests & Certification: When the Company responds to a request to exercise protections provided under the VAWA they will request that an individual complete, sign, and submit the VAWA certification form within fourteen (14) business days of the request. This certification may be submitted in an equally effective manner, as a reasonable accommodation, if there is the presence of a disability.

If the applicant/resident has sought assistance in addressing domestic violence, dating violence, sexual assault and/or stalking from a federal, state, tribal, territorial jurisdiction, local police or court, the resident may submit written proof of this outreach in lieu of the certification form. The Company will accept the following:

- * A federal, state, tribal, territorial, or local police record or court record or,
- * Documentation signed and attested to by a professional (employee, agent, or volunteer of a victim service provider, an attorney, medical personnel, etc.) from whom the victim has sought assistance in addressing domestic violence, dating violence and/or stalking or the effects of the abuse. The signature attests under penalty of perjury (28 U.S.C. §1746) to their belief that the incident in question represents bona fide abuse, and the victim of domestic violence, dating violence and/or stalking has signed or attested to the documentation.

The victim is not required to name their accused perpetrator if doing so would result in imminent threat or if the victim does not know the name of their accused perpetrator.

Nonretaliation: We will not discriminate against any person because that person has opposed any act or practice made unlawful by the Violence Against Women Act or because that person testified, assisted, or participated in any matter related to the Violence Against Women Act or a VAWA crime.

Noncoercion: We will not coerce, intimidate, threaten, or interfere with, or retaliate against, any person in the exercise or enjoyment of, on account of the person having exercised or enjoyed, or on account of the person having aided or encouraged any other person in the exercise or enjoyment of, any rights or protections under the Violence Against Women Act including:

- 1) Intimidating or threatening any person because that person is assisting or encouraging a person entitled to claim the rights or protections under the Violence Against Women Act.
- 2) Retaliating against any person because that person has participated in any investigation or action to enforce the Violence Against Women Act.

Protection to Report Crimes from Home: Owner/agents, residents, occupants, service providers, guests and applicants:

- 1) Shall have the right to seek law enforcement or emergency assistance on their own behalf or on behalf of another person in need of assistance; and
- 2) Shall not be penalized based on their requests for assistance or based on criminal activity of which they are a victim or otherwise not at fault under statutes, ordinances, regulations, or policies adopted or enforced by covered governmental entities. Prohibited penalties include:
 - a) Actual or threatened assessment of monetary or criminal penalties, fines, or fees.
 - b) Actual or threatened eviction.
 - c) Actual or threatened refusal to rent or renew tenancy.
 - d) Actual or threatened refusal to issue occupancy permit or landlord permit.
 - e) Actual or threatened closure of the property, or designation of the property as a nuisance or a similarly negative designation.

Legal Action: Victims are encouraged to seek police/legal protection from their accused perpetrator. In some cases, the Company may file a restraining order against the accused perpetrator to prevent the accused perpetrator from entering the property.

Please see the property VAWA Policy for additional information.
