The Edge of Sleep—Listen Now: [Apple Podcasts](#) | [Spotify](#) | [Stitcher](#)

A fiction podcast with a bang-up premise: A night watchman realizes that everyone who fell asleep one night has died; now he and the other remaining night owls must figure out what happened and how to save the world—without snoozing to death themselves.

The Hilarious World of Depression—Listen Now: [Website](#) | [Apple Podcasts](#) | [Spotify](#) | [Stitcher](#)

Stand-up comedy meets therapy in this one, wherein famous comedians who also have clinical depression (there are a lot of them!) stop in to chat and joke about it with comedian and host John Moe. What's ahead at the movies in 2024

Dune: Part Two—Release date: March 1st

Cast: Timothée Chalamet, Zendaya, Rebecca Ferguson, Javier Bardem, Josh Brolin, Stellan Skarsgård, and Christopher Walken. The next chapter in Denis Villeneuve's epic adaptation of Frank Herbert's *Dune* continues with *Dune: Part Two*. We had expectations that the sequel to the Oscar-winning sci-fi movie would have premiered in 2023, but better late than never. With the likes of Austin Butler, Florence Pugh and Christopher Walken joining an already star-studded cast, this could be one of the biggest movies of the year.

Arthur the King—Release date: March 15

Cast: Mark Wahlberg, Simu Liu, Nathalie Emmanuel, Ali Suliman, Paul Guilfoyle, Bear Grylls. Get ready to be won over by another adorable pooch on the big screen, as *Arthur the King* recounts the inspiring story of a dog that bonded with an adventure racing team as they traveled 435 miles over 10 days. Mark Wahlberg, Simu Liu and Nathalie Emmanuel are among the human stars, but willing to bet audiences are going to fall in love with the dog playing Arthur.

Ghostbusters: Frozen Empire—Release date: March 22

Cast: Paul Rudd, Carrie Coon, Finn Wolfhard, McKenna Grace, Kumail Nanjiani, Patton Oswalt, Celeste O'Connor, Logan Kim, Dan Aykroyd, Ernie Hudson, Annie Potts. Who you going to call? The new generation of Ghostbusters! *Ghostbusters: Frozen Empire* is the sequel to *Ghostbusters: Afterlife*, which introduced a new quartet of ghost fighting heroes. But in this movie they will have to go up against a force that can literally scare people to death.

Challengers—Release Date: April 26

Sexy intrigue in the world of tennis. That's the premise of the new movie from director Luca Guadagnino (*Call Me By Your Name*). Ostensibly, it's about three tennis players—Tashi (Zendaya), Art (Mike Faist), and Patrick (Josh O'Connor) who meet as teenagers and then find themselves facing off, years later, while trying to win Grand Slam titles. Seeing as this is a Guadagnino picture, it's likely to be much more messy than that.

The Fall Guy—Release Date: May 3rd

Ryan Gosling plays a stuntman trying to win over his director, played by Emily Blunt. Their chemistry is evident right there in the trailer, and this comes from David Leitch, the former stuntman who helped launch *John Wick* and also helmed the Charlize Theron vehicle *Atomic Blonde* and *Bullet Train*. Seems like a good time.
