our vision & mission

**We are modern
place makers.**

The Redstone team are modern place makers, who believe that work is greater than an office, and positive places empower all of us. We support communities and spaces that inspire interaction and pride, developing empathy as energy.

VISION

We strive to advance the potential of place, helping to shape the communities we serve through partnerships and progress.

QUICK INFO WHILE YOU GET SETTLED

Move-In Inventory and Condition Report: This will be sent via DocuSign. Please complete an inspection of the apartment and return this form within 48 hours of your move, noting any wear and tear.

For any current or future maintenance needs, you will need to submit a maintenance request. Please see the next page for more details.

Guest Parking: We do not have any guest parking. Those without a tag will need to park on the street.

Moving Trucks: If you have a moving pod or truck, you will either need to utilize your parking space or find street parking. Please note that it is important to not block anyone in, block the entrance, or prop any doors open unattended.

RENTCafe App

Access your tenant portal easily through the RENTCafe Resident app

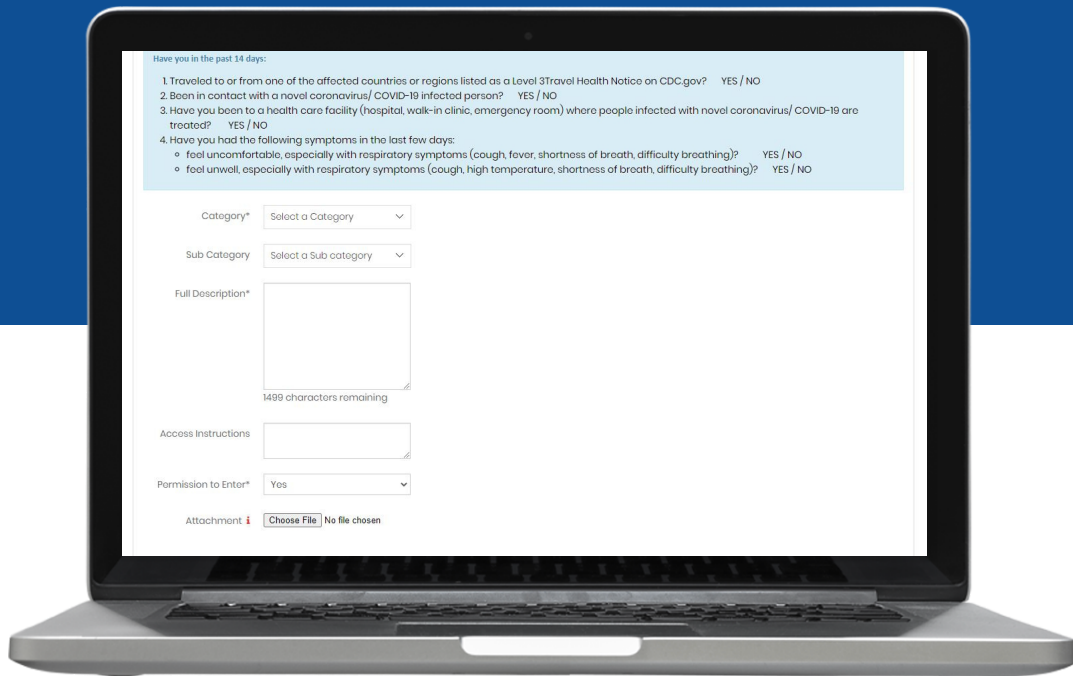

The app offers simplified rent payments and makes submitting a maintenance request easier. You can even upload a picture or voice message with your request.

After Hours

Maintenance Emergency

The following information is to provide guidance on the use of our Emergency Maintenance On-Call service. We hope you never have to use this service, but we know there are times when its use will be necessary to inform us of a maintenance emergency that requires a quick response.

Examples of Emergency Maintenance

- No heat during the winter
- A burst pipe or another form of an active leak such as overflowing plumbing fixtures
- A toilet that won't function, only if there is not another toilet in the apartment
- Damage to the property that renders it unsafe – for example, an exterior or apartment door that won't properly close or lock
- Malfunctioning smoke detector (a real alarm or fire conditions to be reported to 911)
- No hot water
- You are locked out and have no other way to access the building or your apartment – please note that a lock out response incurs a fee and requires our team to properly identify you as a resident under the lease. ID is required.

Please note that Redstone's Emergency Maintenance service does not take the place of the police, fire, or other first responders. For medical emergencies, life-threatening situations, reporting of a crime, or other situations for which police, fire, or EMS are needed, please call 911.

Redstone staff are not trained first responders and are not able to respond to this type of emergency. For loss of utility service, including loss of power, telecom service, or smell of gas please work directly with local utility provider.

We are not able to address issues that are not a maintenance emergency after hours, which include: Smoking, Parking, Neighbors, and AC. Please email your concerns to residents@redstonevt.com, and we will respond within two business days.

Mail & Packages

Your mail will be
delivered
directly to your door

If a package goes missing, you will
need to work directly with the
company/carrier/police.

Please do not send
items to the
property prior to
your move-in date.
If that happens
they will be
returned to the
sender.

Parking

The apartment has the attached garage which can fit two cars tandem. You were issued two garage openers specific to your apartment. There is no additional parking.

There is no guest parking.

Trash, Recycling, Compost

Trash

There is a trash enclosure located behind the building in the adjoining parking lot.

You are not permitted to leave large items and furniture outside the bins.

Recycling is located next to the trash.

Most packaging, containers, and paper are recyclable. However, the following things are not: paper plates, cups, napkins, styrofoam, household items, toys, or filmy plastics (including plastic bags.)

Recycling

Compost

Compost is located in the trash enclosure and is the green bin. Effective July 1, 2020, the State of Vermont banned all food scraps from being included with waste that goes to a landfill. Residents will now be responsible for keeping their personal food waste separate from their trash and disposing of it in the provided exterior compost bins.
