Let's Discuss Disposal of Unwanted Furniture

Farmingdale has noticed an increase in unwanted large furniture being left in trash rooms, hallways, and garages. Please be aware that large items and furniture are considered bulk waste by our trash contractor, Republic Waste. These items require a scheduled pick-up and incur an extra charge. Oversized items in the dumpster make it difficult to remove trash cans from the garage and take up valuable space, hindering other residents from disposing of regular garbage.

As a resident, it is your responsibility to arrange for the removal of these items to avoid any fees. There are many junk removal companies that offer donation pick-up services. You can contact the leasing office for a list of junk removal companies, and we even have coupons for College H.U.N.K.S. junk removal. Thank you for your cooperation!

A Message From Farmingdale Maintenance Team

If you have multiple maintenance requests, please enter them as a single request and number each issue. For example:

1. Washer showing error message
2. Shower door coming off track

This process ensures that all issues are addressed in one visit. When work orders are entered, they go directly to the maintenance app. Combining all issues into one work order helps prevent any from being missed, which can happen if multiple work orders are entered at different times. Thank you for your cooperation!
