Community Reminders

Our dedicated employees do an excellent job keeping the grounds cleaned. However, we would like to remind pet owners to tidy up after their four legged companions. Please dispose of pet waste properly at the doggie stations throughout the community,

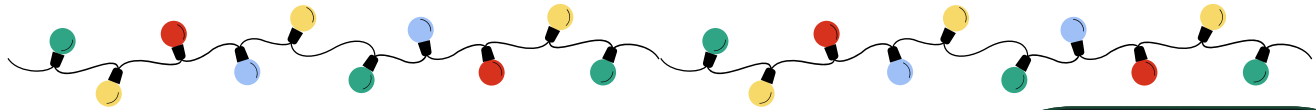

With the holiday season upon us and a surplus of packages arriving, please ensure you only pick up packages addressed to you. If you encounter any issues with your packages, you can reach out to Luxer support by contacting them at www.luxerone.com/support or 415-390-0123

This month, Farmingdale will begin conducting garage audits. All vehicles parked in the garage must be operational and display a valid Farmingdale garage parking permit. Residents with vehicles that do not meet these requirements will be contacted directly
